<u>CPS Mandatory Overtime Fulton State Hospital (HB 1318)</u> HB 1318, passed in the 2012 legislative session, states that no state employee, regardless of job classification, working in a maximum or intermediate security mental health facility or any portion of a mental health facility with maximum or intermediate security, can be mandated to work more the 12 hours in any 24-hour period unless the Department of Mental Health declares an emergency workforce shortage. This item requested funding to support an additional 15.00 FTE based on staffing levels projected to be necessary to satisfy this new mandate. GLOSSARY OF FUNDING SOURCES FOR DMH (continued)			
IRF -- Inmate Revolving Fund (0540)			
	<p><i>This fund was established in accordance with RSMo. 217.430. The sources of revenue for the fund are reimbursements from offenders participating in work release, electronic monitoring, residential treatment facility programs and, per RSMo. 217.690, from the payment of a fee, not to exceed sixty dollars per month, from every offender placed under board supervision on probation, parole, or conditional release. Per RSMo. 217.430, the funds shall be used as provided by appropriation, to support offenders in education programs, drug treatment programs, residential treatment facilities, other community-based sanctions, electronic monitoring, or in work or educational release programs. RSMo. 217.690 further states that funds may be used for the costs of contracted collections services as well as to provide community corrections and intervention services for offenders. Such services include substance abuse assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the board to assist offenders to successfully complete probation, parole, or conditional release. The Department of Corrections currently charges a fee of \$30 per offender under community supervision but may waive all or part of that fee based on factors such as disability or inability to pay. DOC agreed on the \$30 fee with the bill's sponsors when the intervention fee went into effect, but they allowed for the possibility of raising the fee in the future. The Department of Mental Health/Division of Alcohol & Drug Abuse, in conjunction with the Department of Corrections, utilizes a portion of these fees for the following programs: Community Partnerships for Restoration (CPR), Treatment Resources Encouraging New Directions (TREND) and Southeast Missouri Treatment program (SEMO).</i></p>		
IGT -- Inter-Governmental Transfer Fund (0147)			
	<p><i>This fund is only used when the Department makes an Upper Payment Limit (UPL) claim on the state-operated ICF/MR habilitation centers to draw down additional federal funds for the State. The UPL is a method of calculating a supplemental federal payment in the Medicaid program based on Medicare cost principles.</i></p>		
MHEF -- Mental Health Earnings Fund (0288)			
	<p><i>There are several sources of cash deposited to this fund including the ADA Counselor Certification Board, the Substance Abuse & Traffic Offenders Program (SATOP), and lease payments from entities leasing space at CPS acute care facilities. These are basically self-funded programs where expenditures are limited to the amount of revenues brought into the fund.</i></p>		
MHIPF -- Mental Health Interagency Payment Fund (0109)			
	<p><i>This fund provides the mechanism for cooperative agreements between various agencies and the authority to accept funding from another state agency or DMH facility as a result of providing a service to that agency. Appropriations from this fund are considered a "double appropriation" in the statewide budget. An example of interagency payments would include Fulton State Hospital providing laundry and other services to various facilities across the state, agreements with the Children's Division to provide residential care and recovery for youth who require DMH services, etc.</i></p>
