Bachelors Psychology. Minor in Anthropology. University of Missouri at Columbia. August 1983 to May 1987.

Current Clinical Positions

**Certified Forensic Examiner
Psychologist II
Fulton State Hospital
Missouri Department of Mental Health**

February 2003 - Present

I function as a full time Certified Forensic Examiner for the Department of Mental Health. I complete court ordered evaluations for competency to proceed to trial, responsibility at the time of the offense, diagnoses, need for further hospitalization, conditional release, pre-sentence recommendations, sexually violent predator risk assessment, and diminished capacity. Offenses range from misdemeanor to capitol cases and involve trial testimony and depositions. In February of 2003 I began completing these evaluations part time for Fulton State Hospital and began completing them full time in March of 2003. I also function as a voting member of the Forensic Review Committee, which offers opinions to the Hospital Administration regarding changes in status of criminally committed patients. I also act as a supervisor for other Forensic Examiners at Fulton State Hospital, providing supervision of cases, instruction, and administrative duties. I also act as a supervisor in Fulton State Hospital's Predoctoral Internship. I also provide seminars and training to clinical staff and interns on assessment, malingering, forensic issues, and psychopathology.

Private Practice

Forensic Psychology
June 1999 - Present

I have a part time private practice focused on forensic assessment. I perform forensic criminal evaluations examining the issue of responsibility, competency to proceed to trial,

diminished capacity, sexually violent predator risk, mitigation, Personal Injury Evaluations, Independent Psychological Exams, workplace violence evaluations, and evaluations of other relevant issues.

Adjunct Assistant Professor of Psychiatry
Department of Psychiatry
School of Medicine
University of Missouri - Columbia
Forensic Psychology
2010 - Present

I function as part of the Forensic Psychiatry Fellowship program, and offer additional offer opportunities for Fellows and Residents at Fulton State Hospital to obtain experience in performing Forensic Evaluations.

Past Clinical Positions

Certified Forensic Examiner
Psychologist I
Mid-Missouri Mental Health Center
Missouri Department of Mental Health

January 1999 – July 2008 Part Time

During this time I functioned as a part time Certified Forensic Examiner for the Department of Mental Health at Mid Missouri Mental Health Center. I completed court ordered evaluations for competency to proceed to trial, responsibility at time of offense, diagnoses, need for further hospitalization, conditional release, pre-sentence recommendations, and diminished capacity. Offenses range from misdemeanor to capitol cases and involve trial testimony and depositions. I also acted as a supervisor at the Mid-Missouri Health Sciences Psychology Internship Consortium, an APA approved pre-doctoral internship program, providing supervision of the Forensic Evaluation Minor rotation.

Psychologist I - Psychosocial Rehabilitation Program
Guhleman Forensic Center
Fulton State Hospital
February 2003 – March 2003

This part time position involved working as part of a multi-disciplinary treatment team, which provided long term treatment to clients admitted to an intermediate security forensic hospital. I worked as a primary therapist with an emphasis on psychological assessment, clinical interviewing, individual therapy, group therapy, and psychological consultation. Patients had a wide range of diagnoses including personality disorders, Major Depression, Bipolar Disorder, and Schizophrenia. This was an interim position that lasted approximately one month until I began full time as a forensic examiner.

Psychologist I / Associate Psychologist II - Adult Inpatient
Mid-Missouri Mental Health Center
September 1995 – February 2003

This full time position involved working as part of a multi-disciplinary treatment team, which provided acute psychiatric inpatient care to 18 counties in central Missouri. I worked as a primary therapist with an emphasis on psychological assessment, clinical interviewing, individual therapy, family therapy, and psychological consultation. The client population ranged in age from 17 to 90+ years. Patients had a wide range of diagnoses including

personality disorders, Major Depression, Bipolar Disorder, and Schizophrenia. I also provided supervision for Interns from the Mid-Missouri Health Sciences Psychology Internship Consortium, an APA approved pre-doctoral internship program.

**Assistant Admissions Officer - Adult Inpatient
Mid-Missouri Mental Health Center
January 1996 – February 2003**

This part time position required me to provide additional coverage for the Admissions Officer for Adult Inpatient at an acute care psychiatric hospital, which provided inpatient care to 18 counties in central Missouri. The Admissions Officer coordinates all admissions to the inpatient Adult Services ensuring compliance with state regulations, judicial orders, and hospital policies.

Seminars and Instruction

Presentations on psychological assessment, malingering, and forensic examination to Predoctoral interns and staff at Missouri Health Sciences Psychology Internship Consortium. 1996 to 2002.

Presentations on psychological assessment, malingering, and forensic examination Internship to Predoctoral interns and staff at Fulton State Hospital. 2003 to Present.
