

# The Display.....

*Artwork on display in a local  
Callaway County Bank window*

*At the Bluegrass & BBQ  
event on the front lawn of  
FSH in 2009.*

*Artwork on display at  
the Public Library*

*The Pillows of Unrest Project made its debut at the consumer conference, "Real Voices – Real Choices: Expanding our Vision," August 23-25, 2009. Ms. Britten provided a presentation on the project including electronic images of pillowcase artwork and a display of 50 or so pillowcases. Attendees were given the opportunity to complete their own pillowcase art.*

*Since then, the pillowcases have been displayed at various hospital associated events including the Kingdom of Callaway Chamber of Commerce Business After Hours held in the main canteen at FSH and at the Bluegrass & BBQ event sponsored by Fulton State Hospital Foundation. The pillowcases have also been displayed at unit Open Houses enabling family members to view the artwork. Additionally, electronic photos of the pillowcase display have been displayed on the Deaf Services website, as a virtual art display at the Alternative 2009 Conference, and on the Altered States of the Arts website. Downtown businesses in Fulton have also had the artwork on display.*

*For more information about this exciting project, contact Peggy Reed-Lohmeyer or Marty Martin-Forman at Fulton State Hospital by calling (573) 592-4100.*
