- 2008 Presidential Commendation for outstanding work as Managing Editor of the *International Journal of Clinical and Experimental Hypnosis*. Presented at the Society for Clinical and Experimental Hypnosis (SCEH) National Scientific Meeting, King of Prussia, Pennsylvania, October.
- 2007 Presidential Commendation for outstanding work as Managing Editor of the *International Journal of Clinical and Experimental Hypnosis*. Presented at the Presented at the Joint National Meeting of the Society for Clinical and Experimental Hypnosis (SCEH) & the American Society of Clinical Hypnosis (ASCH) National Scientific Meeting, Dallas, Texas, January.

Professional Experience

June 2003 – Aug. 2004 Research Assistant to Professor Arreed Barabasz, EdD, PhD, ABPP

Responsibilities: Assisted in research on hypnotic inductions. Responsible for participant recruitment, data collection, and data coding and entering. Additional responsibilities included co-facilitating administrations and demonstrations of hypnotic inductions and techniques in the counseling psychology hypnosis lectures.

Aug. 2004 - 2011 **Managing Editor, the *International Journal of Clinical and Experimental Hypnosis***

Responsibilities: Directed and maintained all operations for the Journal. Tasks included correspondence with the authors, correspondence with the reviewers, tracking submission dates, providing the Editor with weekly manuscript status reports and establishing the order of contents for issues, correspondence with the copy-editor, web-master, and with the publisher and marketing team. Also prepared the comprehensive annual report on the Journal for the sponsor societies. Additional duties included, managing finances and attending relevant conferences to represent and promote the Journal.

Aug. 2010-2011 **Teaching Assistant to Professor Arreed Barabasz, EdD, PhD, ABPP**

Responsibilities: Assisted in providing support for graduate lectures. Support included constructing syllabi, course instruction (when Dr. Barabasz was engaged in attending conferences, etc.), creating and administration of quizzes and tests, and grading.

Clinical Experience

Dec. 2013 – Present **Psychologist I**
Fulton State Hospital
Fulton, Missouri

Responsibilities: Conducting group and individual psychotherapy, as well as psychological assessments in an in-patient maximum-security forensic hospital for clients with chronic severe mental illness. Client population consists of ethnically diverse adults who have been voluntary committed to the hospital by a guardian, deemed permanently incompetent to stand trial, or found not guilty by reason of insanity by the court. Therapeutic issues included the spectrum of Axis I and II disorders (i.e. psychotic, mood, developmental, anxiety, and personality disorders). Duties include treatment planning and treatment plan reviews, case management, report writing, presenting results of psychological testing, clinical consultation, DBT consultation, and didactic training. Additional responsibilities include being an active member of the internship committee and research committee.

Oct. 2012 – 2013 **Psychology Resident**
Post Doctoral
Burrell Behavioral Health
Springfield, Missouri

Responsibilities: Attended staff meetings with clinicians, caseworkers, and psychiatrists in an integrative community health care system. Co-facilitated DBT skills group therapy and conducted individual DBT therapy with clients in the treatment program. Therapeutic issues included the spectrum of Axis I and II disorders. Provided brief and long term individual

therapy, to individuals with addictions and/or severe mental illness from the community and surrounding rural catchment areas. Treatment interventions ranged from DBT, CBT/REBT, EMDR, and Mindfulness techniques depending on the client needs. Maintained active caseload and provided crisis interventions and case management. Additional responsibilities included administration and scoring of assessment materials (BDI-II/BAI), as well as clinical assessments and treatment plans. Obtained weekly individual supervision.

Aug. 2011 – 2012 **Predoctoral Intern**
Mercy Hospital
 Springfield, Missouri

Responsibilities: Co-facilitated process oriented group therapy with Dr. Coller, Dr. Allen, and Dr. Daniel daily, including every other weekend. Therapeutic issues included the spectrum of Axis I and II disorders. Provided brief short-term, individual therapy, to patients with addictions and/or severe mental illness from the community and surrounding areas. Maintained caseload of approximately 4-5 patients, as well as, co-facilitated groups ranging from 3 to 12 members on a daily basis including every other weekend. Provided crisis interventions, case management, and safe discharge planning to patients with family and/or other sources of support. Conducted brief family and couples counseling in an inpatient setting. As a branch of the integrative health care system, at times we were asked to attend to main hospital consultations when psychological services are requested. Patients visited range in diagnoses. Additional responsibilities included administration and scoring of assessment materials, report writing focusing on psychological assessment, supervision of practicum students, as well as intake reports and treatment plans. Obtained weekly (2hrs) individual supervision.

Aug. 2007 – May 2010 **Practicum Student**
Washington State University Counseling Center
 Pullman, Washington

Responsibilities: Provided individual therapy to a full range of clients attending Washington State University. Therapeutic issues included the spectrum of Axis I and II disorders typical of university student clients. Provided services to approximately 8- 10 individual clients on a weekly basis, as well as co-facilitated workshops relevant to the university population (e.g. Stress Management and Healthy Relationships). Additional activities included administration and scoring of assessment materials, report writing focusing on psychological assessment, as well as intake reports and treatment plans. Participated in diversity trainings and case consultations. Obtained weekly individual and practicum supervision.

June 2009

Practicum Student
Eastern Washington University
Cheney, Washington

Responsibilities: Provided cognitive and neuropsychological assessment services to college students. Practicum responsibilities included intake interview, administration and scoring of assessment materials, and comprehensive report writing.
