

Thinking about Guardianship?

- Are you concerned about a person who has a disability or mental health diagnosis, or is aging?
- Are you the parent or family member of a person who needs help making decisions and is turning 18?

- Has someone suggested you should pursue guardianship for your loved one?
- Did you know there might be options you're not aware of that would work for your situation?

Join us for a **FREE** workshop that will help you explore the options and alternatives to guardianship in Missouri!

Two sessions available!

- Do you work with individuals or families who may be considering these issues?
- Do you work with students who are in the special education transition process?
