August 2, 2007

Dear Community Providers:

Based on feedback from community providers, the Division of Comprehensive Psychiatric Services has revised the criteria for submission of the letter of intent for implementation of Integrated Dual Diagnosis Treatment (IDDT) previously stipulated in a July 3<sup>rd</sup> letter to providers. Please submit a description of what your organization is currently doing to implement the IDDT evidence based practice. Include a description of staff training and how the services are currently being billed.

A revised Attachment A is provided for clarification on requested information. The bolded dot points have been revised. Attachment B has been eliminated. However, the policy and procedure manual will be reviewed during the site visit. There are no changes to Attachment C.

If you have questions, please contact Rosie Anderson-Harper at 573-526-5890.

Sincerely,

A handwritten signature in cursive script that reads "Joseph Parks, M.D.".

Joseph Parks, M.D. Director  
Comprehensive Psychiatric Services
