

MO Division of Developmental Disabilities

-FAMILY FOCUS GROUPS-

Purpose: The MO Division of DD wants to hear from families and is hosting Family Focus Group sessions across the state to collect information and feedback from individuals who have a developmental disability and family members regarding the supports and services they want, need, and utilize. Family representatives should have lived experiences in supporting a family member with a developmental disability. The Division of DD will use the information shared to help design the service delivery system to be more responsive to family and individual.

<u>Date:</u>	<u>Location:</u>
03-12-2018	Springfield
03-15-2018 & 03-27-2018	St. Louis
