

Empowering Through Employment

January 2019 Update

At the launch of the *Empowering Through Employment* initiative in October 2016, 367 individuals had an authorization for employment service. This number has increased to 950 individuals within the current month, which is a monthly increase of 159% since the initiative launched and a 32% increase over the past 12 months.

TCM Ribbon Status by County

Regions and Targeted Case Management (TCM) entities are recognized by ribbon status based on the percentage of individuals with employment service authorizations. Currently, 29 TCMs covering 42 counties have met ribbon status.

- 35% or more individuals w/ employment auths
- 25%-34% of individuals w/ employment auths
- 13%-24% of individuals w/ employment auths

Individuals with any employment authorization are the primary indicator. There are currently 950 individuals across all regions with an employment authorization. This graphic depicts the regional proportions of individuals with an authorized employment service.
