MISSOURI'S GUIDE TO HOUSING ASSISTANCE PROGRAMS

INTRODUCTION

Many people with disabilities and the elderly live in and wish to continue living independently in their homes and communities. Others are living in institutions but would like to return to the community. Historically, locating appropriate and affordable housing is often a major barrier for persons who want to continue living in the community and those who want to transition from an institution to the community. Today you have more options for remaining in the community and alternatives to placement in a nursing home or other institutional care setting. If you would like to stay in your home or in the community and you meet other requirements, you may be eligible for housing assistance through state, local, and federal funding resources. For those who need supportive services to stay in the community, please refer to the *Home and Community Based Services* booklet.

This document details housing resources that are available in Missouri. The resources may be funded through state or federal revenues and private pay. Although many people with disabilities and the elderly may qualify for [Medicaid](#), funds through [Medicaid](#) cannot be used to pay for housing, other than in institutions. This document is designed to assist you as you seek a place to live. Some of the topics covered here include available programs and requirements, application processes, contacts and resources, and explanation of terms; however, in your area, additional programs may be available. Check with your local Independent Living Center or other disability advocacy organizations (see [Important Addresses and Phone Numbers](#)).

Please note: words that appear in blue type in the text are defined in the [Glossary of Housing and Other Terms](#) that appears at the end of this document.

WHAT ARE MY OPTIONS?

The housing assistance you qualify for and choose will depend upon your needs and resources. Many programs are available statewide; others are not.

Housing assistance typically falls under the following categories:

- Rental Assistance
- Home Purchasing Program
- Home Repair/Weatherization Assistance
- Home Access Modifications

HOW DO I QUALIFY?

How you qualify for housing assistance differs from program to program. Generally speaking, when you apply you will probably be asked for the following documentation:

- Proof of household [income](#) from the previous twelve (12) months
- Social security documentation for all household members over one year of age
- Photo identification for the head of the household
- Proof of residency (could be a utility bill or voter registration)
- Proof of disability, if applicable

You may contact any of the housing assistance agencies listed in [Important Addresses and Phone Numbers](#) to apply for local housing programs. If you are unsure about what housing assistance programs are available in your area, or what your needs are, contact your case manager, service coordinator/worker, social worker, or your local housing assistance provider for help.

FINANCIAL ELIGIBILITY

Some housing assistance programs have a financial requirement or may charge a co-payment to provide assistance. These options may be discussed with your case manager/worker, service coordinator, social worker or housing assistance provider to determine your eligibility.

APPLYING FOR SERVICES

Who Can Help Me Apply?

Many community organizations or state agencies providing case management services can help you apply for housing assistance. They also can help you decide which programs and locations are right for you. Some of these organizations include the [Area Agencies on Aging, Centers for Independent Living](#), Department of Mental Health Regional Offices, Community Mental Health Centers, Bureau of Special Health Care Needs and the local Division of Senior Services and Regulation offices (see list in [Important Addresses and Phone Numbers](#)). You can also have family members or friends help you complete the application.

When Can I Access Housing?

If you meet all eligibility guidelines required for the program you applied for assistance under, be sure to ask the agency representative when you can access housing.

Once it is determined you qualify for housing assistance, your name may be placed on a wait list with other individuals who are qualified but are waiting for a housing opening. Length of time on a wait list will vary geographically around the state.

What Do I Have To Pay?

Based on the program, you may be required to pay a portion of the cost of your housing.

What If I Currently Reside In a Nursing Home, Residential Care Facility or ICF/MR?

Some people who are capable and interested in living in the community are currently residing in a nursing home or an [ICF/MR](#), such as a habilitation center. The United States Supreme Court ruled that people with disabilities and seniors have a right to receive services in the most integrated setting and move out of institutions and into the appropriate community setting chosen by the person. If you are in a nursing home or [ICF/MR](#) and you are interested in receiving housing assistance and [home and community-based services](#), help is available. You may call the nursing home ombudsman, your local [Center for Independent Living](#) (listed in [Important Addresses and Phone Numbers](#)), the DHSS Hotline at **1-800-235-5503**, or DMH at **1-800-364-9687**.

How Can Persons With Disabilities and the Elderly Affect the Number of Housing Units Constructed for Persons With Low Incomes?

The state of Missouri and each [entitlement](#) city or county (St. Joseph, Kansas City, Joplin, Springfield, Jefferson City, Columbia, St. Charles, St. Louis County and St. Louis City) is required to have a 5-year [Consolidated Plan](#) that it updates each year. The use of federal housing funds that are administered by these areas must be outlined in detail in this plan. A public hearing is required annually. It is important that people appear at these hearings and speak out for the type of housing that they want and need in their community. This advocacy may take more than one year to see results, but it can be effective in the long run.

There is almost always legislation or budgetary action at the state and federal levels that will have a positive or negative impact on availability of affordable, accessible housing. Contact the Governor's Council on Disability at **1-800-877-8249**, or visit the Statewide Independent Living Council's web site (www.mosilc.org), to get involved or to locate an advocacy agency in your area.

Home is the heart of life.

Home is where we feel at ease, where we belong,
where we can create surroundings that reflect our tastes and pleasures...

Making a home is a form of creativity open to everyone.
