

EARLY CHILDHOOD MENTAL HEALTH: TIPS AND STRATEGIES

Friday, September 30, 2016

9:30 a.m. - 4:00 p.m.

Governor's Office Building
200 Madison Street
Jefferson City, MO 65101

Co-sponsored by:

MISSOURI CHAPTER of the
AMERICAN ACADEMY OF PEDIATRICS

ParentLink
University of Missouri

School of Medicine
University of Missouri Health System

Conference Description

The University of Missouri, School of Medicine and Missouri Chapter of AAP, as well as MU ParentLink, the Missouri Department of Mental Health and Missouri Project LAUNCH, are pleased to present the Early Childhood Mental Health: Tips and Strategies Conference. Through the accredited CME activity, we will cover behavioral strategies to support the traumatized child, use of off label medication to treat young children, positive parenting strategies and how to tackle the challenges of screening in a healthcare setting. We will address these issues and their potential effect on future practice patterns in an effort to continue to improve care for young children.

Who Should Attend

This event is designed for pediatricians, family practitioners, nurse practitioners and other healthcare professionals who provide care to young children. Please contact us if you are interested in bringing additional members from your clinical team.

Conference Objectives

- Understand the importance of developmental screening in the primary care office. Learn tools that can be utilized to screen for developmental delays. Learn tools that can be used to screen for early social-emotional problems. Understand how to incorporate screening tools in your practice.
- Obtain knowledge of parenting tips and strategies for young children.
- Understand the use of psychotropic medications in children
