All for a good cause

The De Soto Police Chief and the Pevely Police Chief have challenged each other to a friendly competition of who can raise the most supplies for Comtrea. The Toiletry Drive, which ends August 1st will put the freedom of one Chief in jeopardy.

The Police Chief of these two departments who raises the least supplies will spend 12 hours in the jail of the winning Chief. No cell phone, No "extra food", same rules, same clothing. The only way this Chief gets out sooner than 12 hours is if he raises \$1000, but if he raises \$2000 or more the other Chief has to complete the remainder of his time unless he raises \$1000 as well. This money will go to the Muscular Dystrophy Association
