Drug possession (adult and juvenile arrest rates for drug possession)		.67	56
Substance abuse treatment admissions (adult and juvenile treatment admission rates)	28		61
Community Disorganization and Transition			
Lack of civic involvement (percent unregistered voters, percent population who did not vote in presidential elections)	-1.03		18
<b>Community instability</b> (percent persons moving from outside county)	50		37
<b>Community transition and mobility</b> (percent renter occupied housing, percent persons moving within county, percent vacant housing units)	80		22
Divorces (divorce rate)	35		46
High Risk Demographic Subgroups			
Young males (percent population male aged 15 to 34)	65		25
<b>Urban environment</b> (population density, percent population living in urban areas)	81		7
Community Crime			
Crime and violence (adult and juvenile arrest rates for violent, property, and other non-alcohol and drug-related crime)	09		41
Poverty			
<b>Socioeconomic deprivation</b> (total and child poverty rates, unemployment rate, percent population receiving TANF, percent single parent households, median income, <sup>1</sup> percent adults without a high school education)	10		64
lcohol and Drug Availability/Accessibility			
<b>Alcohol and drug availability</b> (liquor outlets per 1,000 persons, miles to nearest interstate highway) <sup>1</sup>		.42	82
Drug manufacturing (arrest rate for drug manufacturing)		1.09	56
Poor Academic Performance/Commitment to School			
Academic failure (percent graduates below national ACT score average)		1.13	101
Lack of commitment to school (dropout rate)	-1.33		6
roblems Indirectly Associated with Substance Abuse			
Child abuse and neglect (child abuse and neglect referral rate)	55		27
<b>Births to teenage mothers</b> (rate of births to females ages 15 to 19)		.22	65
Sexually transmitted disease (STD, HIV, and AIDS rates)	65		7

<sup>1</sup>Each risk score is ranked in relation to other county scores based on the following: 1=lowest risk; 63=highest risk for *drug manufacturing construct*; 64=highest risk for *liquor law violations, drug possession*, and *crime and violence* constructs; 115=highest risk for non-arrest constructs.

<sup>2</sup>Median income and miles to nearest interstate highway were reverse coded so that higher scores were indicative of higher risk.
<sup>3</sup>Unreliable due to nonreporting by agencies participating in the Uniform Crime Report. See Appendix A for details.
<sup>4</sup>Overall county rank is based on the average of all 20 risk scores, equally ranked. 1=lowest risk; 115=highest risk.
