Power Up to The Summit 2018 Assistive Technology Conference

Power Up to The Summit 2018 conference and expo will be held on April 16-17, 2018, in Columbia, Missouri. Registration is now open at <http://www.at.mo.gov/>. Through sessions, exhibits, and demonstrations, the Power Up to The Summit conference showcases assistive technology for all ages and all disabilities, with a heavy emphasis on assistive technology for use in educational settings. Sessions on augmentative and alternative communication, assistive technology for dyslexia, AT strategies and solutions, Chrome and iPad apps, and accessible educational materials are just a few of the 42 sessions to be given by leading regional and national assistive technology experts.

General information, the conference agenda, registration forms, and information on speakers, sessions, and exhibitors can all be found on Missouri Assistive Technology's website at: <http://www.at.mo.gov/>. The cost of the two-day conference is \$255. One-day conference registration is also available.
