Summer Sessions for Missouri Students Who are Blind or Visually Impaired

[Missouri School for the Blind](https://msb.dese.mo.gov) (MSB) is pleased to offer Missouri students who are blind or visually impaired six summer sessions focused on developing students' abilities to access recreational sports, accessible travel, STEM (Science, Technology, Engineering, and Math), performing arts, college and career planning, and activities of daily living with increased independence. Through Summer Explorations, MSB seeks to provide non-traditional, high-quality, academic, and functional programs designed to supplement the student's regular educational experience with an emphasis on the expanded core curriculum for the blind and visually impaired. For more information, you may visit their website at: <https://msb.dese.mo.gov/SummerPrograms.html>
