

Improving lives THROUGH
supports and services
THAT FOSTER self-determination.

6/9/17

Autism Conference

September 21-22, 2017
DoubleTree Hotel, St. Louis
Sponsored by Thompson Center

Autism professionals from across the country will be learning the latest in research findings, best practices, and autism education over the two-day conference. Breakout sessions will be offered in three different strands: Current Topics in Autism Research, Applied Behavior Analysis in Practice, and Autism in the Schools.

Detailed information about the conference, including registration information, can be found at <http://www.muconf.missouri.edu/autismconf/Schedule.html>.
