. Missouri Parent's Act (MPACT) Announces New Workshop Schedule

Missouri Parents Act (MPACT) is a non-profit organization that serves children with disabilities, their families, and communities throughout the state and serves as Missouri's federally-funded Parent Training and Information Center. MPACT's mission is to empower families to advocate for themselves so that children with special education needs can reach their full potential in education and life - through support, training, and education. MPACT works to accomplish this through offering a variety of free on-line and in person trainings geared toward educating parents and professionals about the special education process and various topics. To view the trainings they offer and to find trainings in your area, please visit: <http://www.missouriparentsact.org/training/trainings-that-we-offer/>

You can also contact MPACT directly at: 1-800-743-7634 or via e-mail at: info@missouriparentsact.org.
