DMH Report of Consumers Due for a MRT Disability Re-Determination

In November 2018, the Department of Mental Health (DMH) developed a monthly report listing for DMH consumers due, or overdue, for a Family Support Division (FSD) Medical Review Team (MRT) disability redetermination. This report was developed for each Community Mental Health Center, behavioral health institution, Division of Developmental Disabilities' regional office, and Alcohol and Drug Abuse provider. The report for each agency is located in the agency/facility's Reports folder on the FTP Site. Agencies should use the report to assist consumers in completing the MRT packet and submitting it to FSD. Instructions for this process can be found at <https://dmh.mo.gov/dd/docs/mrtredetermination.pdf>.
