## March is Developmental Disabilities Awareness Month

The MO Division of Developmental Disabilities invites you to follow the Missouri Developmental Disabilities Council (MODDC) in recognizing March as Developmental Disabilities Awareness Month. The MODDC is a federally-funded, 23-member, consumer-driven council appointed by the Governor. It is mandated to assure that individuals with developmental disabilities and their families participate in the design of and have access to needed community services, individualized supports, and other forms of assistance that promote self-determination, independence, productivity, and integration in all aspects of community life. For more information about the MODDC and to read about the work they are doing for people with developmental disabilities in MO, visit: <http://www.moddcouncil.org/> or follow them on Facebook at:
