Upcoming Webinar

**Person Centered Strategies Consultation:
What is it?
How does the service improve a person's life?**
February 28, 2019
10:00

This webinar is designed to assist providers of the person centered strategies consultation service to understand the expectations of this service. It will also help support coordinators and team members know when individuals might benefit from this service and the intended outcomes.

Presenter: Dr. Terri Rodgers, DD Chief Behavior Analyst

Target audience: Providers of person centered strategies consultation service and other providers that may support an individual, support coordinators, families, and Division staff
