Nursing Facility Application and Preadmission Assessment (PASRR)

To obtain DA124 forms for application to a nursing facility (NF), to check status of a Nursing Facility (NF) application with the Department of Health and Senior Services (DHSS) or other NF related issues you may contact DHSS Central Office Medical Review Unit (COMRU) at 573-522-3092 or by e-mail at comru@health.mo.gov or you may visit their website at <https://health.mo.gov/seniors/nursinghomes/pasrr.php>.

To check if a level two PASRR evaluation is in process you may first contact DHSS COMRU to ensure the level of care was completed and a referral was sent to DMH. Individuals will be notified by COMRU when a referral for a Level II has been sent to DMH for an evaluation. Bock and Associates will then contact the applicant to schedule an appointment for the evaluation. You may contact Bock and Associates at records.mo@bock-associates.com to check the status of an evaluation or to request copies of a previous evaluation. For other questions, you may contact Michelle Newberry, Bock and Associates Project Director at michelle.newberry@bock-associates.com.

To appeal a PASRR decision or to report a significant change in condition related to intellectual disability and/or mental illness, you may contact Kathy Schafer at 573-751-8070 or at kathy.schafer@dmh.mo.gov.

[Click](#) for additional PASRR Information.

To request DMH services you may visit the Department of Mental Health website at <https://dmh.mo.gov/>.
