2019 Resources October is Disability Employment Awareness Month

The U.S. Department of Labor has announced "The Right Talent, Right Now" as the theme for the 2019 National Disability Employment Awareness Month (NDEAM). Observed annually in October, NDEAM celebrates America's workers with disabilities both past and present, and emphasizes the importance of inclusive policies and practices to ensure that all Americans who want to work can work, and have access to services and supports to enable them to do so.

A poster featuring the 2019 NDEAM theme, "The Right Talent, Right Now," depicts several individuals with disabilities in their work environments. It can be downloaded from the website or ordered in hard copy for display in workplaces, schools, and organizations to show support and promote awareness for disability employment.
