Information on Waived Annual Reviews for MO HealthNet

The Family Support Division has waived all Annual Reviews (also known as reinvestigations) for MO HealthNet (Medicaid) cases under the Families First Coronavirus Response Act (FFCRA) which is in effect 4/1/2020 - 12/31/2020. The Annual Review due dates will be extended 12 months for cases with annual reviews coming due during this time period. For example: An Annual Review that would have been due 6/1/2020, will now be due 6/1/2021; a review that would have been due 12/1/2020, will now be due 12/1/2021.

At this time, 1/1/2021, Annual Reviews will still be due. The FAQ document, located at <https://dmh.mo.gov/medicaid-eligibility/faq>, will be updated if the waiver is extended or new information is released.
