## Degreed Professional Manager Resource Guide

The [Degreed Professional Manager Resource Guide](#) replaces the 2012 QDDP Resource Guide and was available for comment March 26 - April 26 2018.

The 2018 revision is a substantial change from its predecessor. It includes numerous updates, expanded subjects and resource lists which create a more comprehensive resource guide for today's Degreed Professional Manager.

A special thank you to the stakeholders who drove the enhancements to this document.
