StationMD - Telemedicine Service (Immediately Ready for Use)

The Division of Developmental Disabilities encourages all Medicaid Waiver recipients to use the StationMD - Telemedicine Service offered at no cost now through August 31, 2020. This is a telehealth medical service that offers immediate virtual access to high-quality emergency medicine physicians, specifically trained in the care of people with Intellectual/Developmental Disabilities. The service is available 24-hours a day/7-days a week to act as a resource for individuals, families or staff to call if you, your family or provider have a medically related concern about an individual you support. StationMD allows physicians to assess an individual, including the ability to check heart and lung sounds through a virtual on-line connection. The program is an addition to the current medical care offered by each individual's primary care physician. All Medicaid Waiver recipients through the Division are eligible and are preregistered to begin using StationMD IMMEDIATELY for any medical concerns.

For more information on how to access and use the StationMD service, click [here](#). For questions about StationMD services, please email MO-DMH@stationmd.com or call 1-908-663-2929 ext. 830.
