## Family Training with MoSPIN

Missouri Statewide Parent Involvement Network (MoSPIN) is a parent training program for children birth through age 5 who have visual impairments who may have additional disabilities. MoSPIN parent advisers visit the student's home on a regular basis to instruct parents on a variety of issues that are unique to children with visual impairments. This instruction is based on the nationally recognized INSITE curriculum and may include topics such as the child's specific visual impairment and the resulting impact on the child's education, communication, motor, or other areas of development direct services. MoSPIN parent training is provided at no cost.

To make a referral, visit their website at <https://msb.dese.mo.gov/outreach-services/mospin.html> or contact Melissa Moore at [melissa.moore@msb.dese.mo.gov](mailto:melissa.moore@msb.dese.mo.gov) or 314-633-1591.
