National Disability Employment Month

Missouri State Treasurer Scott Fitzpatrick today recognized the start of National Disability Employment Awareness Month (NDEAM). This year marks the 75th observance of NDEAM and also the 30th anniversary of the ADA.

Throughout the month of October, Treasurer Fitzpatrick will participate in a number of events across the state raising awareness about increasing access and opportunity for individuals with disabilities. Details on these events will be released prior to the event.

Earlier this year, Treasurer Fitzpatrick partnered with the UMKC Institute for Human Development to produce a video about the MO ABLE program. The video provides a simple overview of the program and breaks down how it can benefit individuals with disabilities and their families. It was funded through a grant from the Missouri Developmental Disabilities Council.

The video can be found at MOABLE.com or on Facebook.com/MissouriABLE.
