## **MODDC State Plan Services Survey**

The Missouri Developmental Disabilities Council (MODDC) has been developing the state plan that will guide their work for the next five years. During the development process, they conducted a statewide needs assessment, received extensive public input, reviewed data and trends, and researched best practices. The Council has used this information to develop the draft 2022-2026 State Plan, which is now available for public comment. The Council would like feedback from self-advocates, parents, and other stakeholders.

To review the plan and submit comments, please complete the MODDC State Plan Survey. The short survey, which includes the draft plan, is available in English and Spanish.

- [MODDC State Plan Survey](#)
- [Encuesta sobre el Plan Estatal del MODDC](#)

The deadline to provide comments on the draft plan is 11:45 p.m. CT on Sunday, May 16, 2021.
