supports and services
THAT FOSTER self-determination.

12/3/21

2022 VIRTUAL TECHNOLOGY SUMMIT

February 3, 17, & 24, 2022
9:00 am - 1:00 pm each day

The 2022 Virtual Technology Summit offers three days of virtual learning, exploring, and experiencing how technology can increase independence, community connections, and employment opportunities. Each day includes a keynote speaker, breakout sessions, and Tech Fest Vendor exhibits. Keynote speakers include:

- Dustin Wright, Founder of Disability Cocoon
- Julie J. Christensen, MSW, PhD, Executive Director and Director of Policy and Advocacy at the Association of People Supporting Employment First (APSE)
- Dr. Maulik Trivedi, MD, FACEP, Chief Strategy Officer, StationMD

[Registration is required for the Keynote Speakers only.](#)

[Tech Fest Vendors](#) will have rooms available for visits and open discussion on February 17 and 24. You may visit their rooms prior to that time so you know which room to visit first. Participants can go in and out of rooms on February 17th and 24th, 11:30 am—1:00 pm, by clicking Join Room.
