APSE-MO Professional Development Training

***Moving the Needle: Using Technology to
Advance Employment Opportunities***

March 24, 2022
Jefferson City

Registration is now open for the annual APSE-MO Professional Development Day. Linda Batiste, Principal Consultant/Legislative Specialist, with Job Accommodation Network and David Baker, Director of Missouri Assistive Technology, will lead a presentation on how assistive technology and instructional technology can help individuals achieve positive employment outcomes, using technology as a reasonable accommodation, and the intersection of technology and the Americans with Disabilities Act.
