March is Developmental Disabilities (DD) Awareness Month

During Developmental Disabilities (DD) Awareness Month, the Division will share resources, showcase individuals who have an intellectual/developmental disability (I/DD), and share stories of families and caregivers. To kick off DD Awareness Month, the Division would like to introduce [The Schmidt Family](#) as they share their story.

The [National Association of Councils on Developmental Disabilities \(NACDD\)](#) has created a social media campaign that highlights the many ways in which people with disabilities and without disabilities come together to form strong, diverse communities. #DDawareness2022 #DDAM, #WorldsImagined. Follow the [Division's Facebook page](#) for more information and ways to be involved.
