Project ACCESS Free Autism Educator Academy (AEA) Trainings

Project ACCESS is offering their Autism Educator Academy (AEA) set of 42 workshops on a continual basis. All AEA trainings are free and available online. Participants will have until June 30 to complete training requirements. Trainings cover autism evidence-based interventions and classroom strategies. Project ACCESS will issue professional development certificates to all participants who complete the training requirements. The following link includes the available trainings with a registration link at the bottom of the page <https://education.missouristate.edu/Access/AEA.htm>.

If you have questions or would like for Project ACCESS to provide customized staff professional development for your district, please email projectaccess@missouristate.edu or call (toll free) 866-481-3841 or 417-836-6657.
