1. **Providers Enrolling to Do Presumptive Eligibility** – We are thrilled to report that three CCBHOs, one CSTAR, and one CMHC are now able to do Presumptive Eligibility (PE) determinations having had their MOA's approved and their staff trained. Additionally, four CCBHOs, one CSTAR, and one CMHC are in the process of submitting MOA's and are getting their staff trained. THANK YOU!!
2. **Medicaid Sweep** The Medicaid Sweep process will be executed on the first Thursday of the following months in Fiscal Year 2023:
 - August (Will be on the 8th; not the 1st)
 - November
 - February

The Medicaid Sweep process will be executed on the last Thursday of the following months in Fiscal Year 2023:

- April

All encounters that are less than a year old, have never been on a claim to MO HealthNet, and have been paid on a non-Medicaid invoice or went to Over Allocation or No External Payer status will be picked up in the process.

In the month of June, a report will be run to identify encounters that were not claimed to MO HealthNet, but now have Medicaid eligibility. Agencies may want to manually "Replace" these encounters in order to have them claimed to MO HealthNet.

The sweep process works as follows:

- Paid in full encounters will go to "Ready to Void" status. They will go to "Voided" status after the nightly encounter processing.
- Over Allocation or No External Payer encounters will go to "Ready to Process" status and then to "Open Claim" status after the nightly encounter processing.
- Ready to Rebill encounters created by the sweep will go to "Open Claim" status after the nightly encounter processing.

Reports will be placed in your ftp folder identifying the encounters that were affected by this process.

If you have any questions, please email the CIMOR **DBH Support Center** by Logging In and selecting the **Help Ticket** option found on the left side menu of the portal, <https://portal.dmh.mo.gov>.
