### Recognizing and Retaining Your Direct Support Professionals

Direct Support Professional (DSP) Recognition Week (September 11–17, 2022) is a time for you to highlight the dedication of your DSP workforce. ANCOR, in partnership with the [Institute on Community Integration at the University of Minnesota](#), has developed a [DSP Toolkit for DSPs and Employers](#). This toolkit has been designed with the needs and challenges of DSPs and employers in mind.
