## Flu and COVID-19 Vaccinations

The Missouri Department of Health and Senior Services (DHSS) is encouraging Missourians to stay up-to-date on their Influenza and COVID-19 vaccinations, especially for individuals with high-risk health conditions. Flu vaccines are now widely available, and it is recommended annually for everyone 6 months and older. Contact your health care provider, or find a location near you for either vaccine at Vaccines.gov. For more information, see the complete DHSS news release.
