

Improving lives THROUGH
supports and services
THAT FOSTER self-determination.

10/17/22

National Disability Employment Awareness Month ThinkWork!

ThinkWork! is a hub for tools, resources and publication briefs focused on increasing the employment participation of individuals. Areas of focus include public policy, self-determination, public funding and transition planning from school to work. A common theme in each of these areas is the importance of family support and its importance for many individuals as they explore pathways to employment and career planning.
