### **Integrated Quality Management Functions Database (IQMFD) *Changes***

Effective December 8, changes were made to the IQMFD to streamline the process for end user data entry and data analysis. The changes are related to the Filter Provider text box when findings are entered as well as the Unresolved Over 45 Days and Unresolved Over 90 Days reports. Additional details on these changes are located on the Division's [Integrated Quality Management Functions](#) webpage under the IQMFD Database ribbon.
