# Employment Reporting

**Who:** Employment Service Contractors (Career Planning, Job Development, Benefits Planning, Prevocational, and Supported Employment) who complete quarterly reporting of data elements for future VBP benchmarking.

**How:** Each quarter the contractor will submit an outcome report(s) for every individual in receipt of qualified employment services. A standalone report will be required for *each qualified employment service provided to a single individual*.

Therefore, if an individual receives 3 employment services in a quarter, there would be 3 reporting opportunities (1 for each service) and the provider would receive \$55 for each report for a total of \$165.

**Systems:** All reporting will be completed in **REDCap**
