Exploring Safe and Smart De-Escalation Strategies

May 3, 2023
10:00 - 12:00

The Missouri Behavioral Health Council is sponsoring this virtual zoom session to learn how to manage an escalated individual that can make the difference between a situation calming down or escalating. This workshop will summarize the key factors that lead to escalation in people and review crisis intervention protocols. Learners will discover methods to successfully de-escalate other people in a safe manner. Case studies and video clips will explain the value of approaching de-escalation in a responsible manner.
