Upcoming Deadline for the NCI State of the Workforce Survey

The MO Division of Developmental Disabilities participates in the National Core Indicators (NCI) State of the Workforce Survey (formerly the Staff Stability Survey). This survey asks provider agencies about their Direct Support Professional (DSP) workforce, such as information about wages, benefits, and staff turnover. Providers of residential, in-home, and non-residential services that employ DSPs qualify for the survey.

The Division uses the data to make informed decisions regarding initiatives and policies to support DSPs as well as inform stakeholders about the DSP shortage.

The deadline to complete the State of the Workforce Survey is **July 31st, 2023**. Eligible providers are encouraged to participate using the unique survey link included in the invitation sent February 2023.

For questions about the survey or to have the survey invite re-sent, please email caitlin.bartley@dmh.mo.gov.
