Support Coordination Training Modules Transition from Thinkific to Relias

As part of the Division's ongoing efforts to enhance training programs and streamline processes, support coordination training modules are being transitioned from the current Thinkific platform to the Relias platform and will be available on the MODD Content Self-Registration Portal.

Effective August 31, 2023, State Support Coordinators and contracted Targeted Case Management Support Coordinators will no longer have access to support coordination training modules in Thinkific. These training modules will be fully integrated into the Relias platform and available on the MODD Content Self-Registration Portal, providing a more comprehensive and user-friendly training experience.

Please read the following [announcement](#) for additional details on this transition, including training enrollment directions for new Support Coordinators beginning August 15, 2023.
