## Missouri's Tiered Approach to Benefits Planning: Supplemental Trainings and Technical Assistance

Wednesday, March 6  
10:00 am

or

Wednesday, March 27  
10:00 am

The Division of Developmental Disabilities is proud to partner with the Division of Behavioral Health, and the Missouri Behavioral Health Council, to offer a one-hour webinar introducing participants to the supplemental training developed for Benefits Navigators and Benefits Planners. This webinar will also cover the technical assistance that is available to Benefits Planners working within a Department of Mental Health contracted provider agency.

Christine Connell, LMC Solutions, will take participants on a tour of how to access the supplemental trainings. Kat Lamar, Director of Work Incentives Planning and Assistance service for Paraquad, will provide information on how and when to access the technical assistance support for Benefits Planners. Included in this webinar will be a refresher on Missouri's tiered approach to benefits planning, the different levels of expertise, and how to obtain these skill sets.

Continuing Education Units will be available to those who attend the entire webinar.
