Diagnosis Update Request Determination Chart

A new resource has been developed to assist Support Coordinators with determining when to submit a **diagnosis update request** to the Division for review and entry into CIMOR. This resource is located within the “Eligibility Update” section of the [webpage](#).

At this time, Support Coordinators should continue to submit these requests to the appropriate Regional Office Intake Team following established procedures. The Division will continue working towards a standardized process for these requests.

Questions regarding the information outlined within this blast and corresponding chart should be directed to Amanda Hulet (Intake Operational Excellence Lead) via e-mail at Amanda.Hulet@dmh.mo.gov.
