

5/24/24

Registration is Now Open

Shared Values

Organizations will have the opportunity to work with the Division of Developmental Disabilities Multi-Tiered Systems of Support - Tier 1 team as they guide participants through building and implementing systems of staff performance coaching in a live, three-part online workshop series. Organizations will receive ongoing support from the Positive Support Consultants (PSC) team after each workshop to continue expanding and implementing a coaching system.

Attendance to all three sessions of the workshop is expected upon registration, as each session builds on the previous one.

An optional fourth session for sharing and networking about the experience will be provided on January 15, 2025, 1:00 - 3:00 pm.
