## State of the Workforce Survey Deadline Extended

The MO Division of Developmental Disabilities participates in the National Core Indicators-Intellectual and Developmental Disabilities (NCI-IDD) State of the Workforce (SoTW) Survey. This survey asks provider agencies about their Direct Support Professional (DSP) workforce, like information about wages, benefits, and staff turnover. The Division uses the data to create initiatives and policies to support DSPs and inform stakeholders of the DSP shortage. Providers of residential, in-home, and non-residential services (employment supports, day hab, etc.) that employ DSPs qualify for the survey.

The deadline for the SoTW has been extended to **July 31<sup>st</sup>, 2024**. However, the deadline for participation in the [VBP incentive](#) is June 30<sup>th</sup>, 2024. *Surveys submitted after June 30<sup>th</sup> will not qualify for the VBP incentive.*

Data from this survey is extremely important. The Division asks that all eligible providers complete a survey. Eligible providers received an invite with a unique survey link in March. For questions about the survey or to have the survey invite re-sent, email [caitlin.bartley@dmh.mo.gov](mailto:caitlin.bartley@dmh.mo.gov).
