The data on this page summarize individuals who received clinical services from Division of Behavioral Health (DBH) psychiatric programs. Individuals are counted only once based on their first treatment episode of the fiscal year. A zero (0) in a data cell indicates the count was fewer than five (5) and was suppressed to avoid disclosing identifying information.

Commitment Type Unknown	329	396	439

The data on this page summarize individuals who received clinical services from Division of Behavioral Health (DBH) psychiatric programs. Individuals are counted only once based on their first treatment episode of the fiscal year. A zero (0) in a data cell indicates the count was fewer than five (5) and was suppressed to avoid disclosing identifying information.
