UDAT Lunch and Learn

Assistive Technology: Medication Administration Supports
June 14, 2022

Outline for Today

- What are Medication Administration Systems?

- How to authorize AT Services for Med Administration?

- Meet some of our DMH-DD Contracted providers!

Medication Administration Systems

- Support individuals to learn, have greater independence, and become more empowered to take their medications

- Vary in their technology—some are more simplistic and others are a health suite

- Can support the individual in all settings and stages of life

Assistive Technology

- Medication Administrations fall under the Assistive Technology Service section of the Waiver definition.

- The AT Service code is A9999 UC

- AT Service code includes: equipment/device, support/education and any monthly service dashboards

Meet our Providers

- We currently have 5 Assistive Technology Providers who have dedicated Medication Administration Systems

- Joining us today are:
  - Gray Matters Alliance
  - Pack 4U—Spencer
  - Hearo Technologies LLC

Upcoming Dates

- The next UDAT Lunch and Learn will be July 12, 2022 at noon
- Be sure to sign up for DMH-DD email blasts for information on the next
  - MO DDD & You
  - No Wrong Door Series

Improving lives THROUGH supports and services THAT FOSTER self-determination.

Thank you!
