# UDAT Lunch and Learn

## Assistive Technology: Remote Support Systems
## July 12, 2022

# Outline for Today

- What are Remote Support Systems?
- How to authorize AT Services for Remote Support?
- Meet some of our DMH-DD Contracted providers!

# Remote Support Systems

- Support individuals to have greater independence, and control over their daily lives

- Vary in their technology and support—some have response centers and others dashboards.

- Can support the individuals in ISL or Natural Home settings.

# Remote Supports

- Remote Support currently falls under the Assistive Technology Waiver definition.

- The Remote Support code is A9999 GT

- Remote Support code includes: consultation, equipment/device, support/education and any monthly service costs—including the response center

# Meet our Providers

- We currently have 7 Remote Support Providers

- Joining us today are:
  - Gray Matters Alliance
  - Hearo Technology Solutions
  - Night Owl Support Systems

# Upcoming Dates

- The next UDAT Lunch and Learn will be August 9, 2022 at noon

- Technology Explorer meeting for Support Coordinators—August 17 2022

- Be sure to sign up for DMH-DD email blasts for information on the next
  - MO DDD & You
  - No Wrong Door Series
