WEBVTT

1 "Kathleen Deppeler" (2855160320)
00:00:00.000 --> 00:00:06.930
Value based payment, we are going to go through how to enter the data for the.

2 "Kathleen Deppeler" (2855160320)
00:00:06.930 --> 00:00:18.445
Tiered supports initiatives. So, uh, 1st, uh, just go over our agenda. Real quick. I'm gonna give a very, very brief overview of what the payment opportunities are.

3 "Kathleen Deppeler" (2855160320)
00:00:18.745 --> 00:00:31.825
And then, uh, Rachel Matheny our research analyst is going to go over, uh, some red cap tips. And then we're going to provide an example data, entry demonstration.

4 "Kathleen Deppeler" (2855160320)
00:00:31.825 --> 00:00:36.925
We're also going to reiterate the data collection timelines and share some resources. So that's our agenda.

5 "Kathleen Deppeler" (2855160320)
00:00:36.930 --> 00:00:38.610
For today.

6 "Kathleen Deppeler" (2855160320)
00:00:39.205 --> 00:00:53.095
So again, a very brief overview here, there's an opportunity for pay for reporting and so this looks like for every month that data is submitted on behalf of your agency.

7 "Kathleen Deppeler" (2855160320)
00:00:53.275 --> 00:01:07.585
Then you can earn a payment for that. And for every month that you submit, you can, you will earn that payment, which is paid quarterly. So, for each month, within that quarter, the data was submitted by the 15th you would earn and that.

8 "Kathleen Deppeler" (2855160320)
00:01:08.065 --> 00:01:08.545
that

9 "Kathleen Deppeler" (2855160320)
00:01:08.610 --> 00:01:12.240
Would be paid on on a quarterly basis so there's.

10 "Kathleen Deppeler" (2855160320)
00:01:12.745 --> 00:01:24.775
3 opportunities here are 3 types of data that you're going to enter. There's yearly data. That's big things that don't change very often like your policy and procedure documentation.

11 "Kathleen Deppeler" (2855160320)
00:01:24.775 --> 00:01:32.005
So you're welcome to update that more than yearly. Um, if you made a big change or something like that to improve it.

12 "Kathleen Deppeler" (2855160320)
00:01:32.310 --> 00:01:37.650
And you only have to submit that yearly and we'll continue to review it.

13 "Kathleen Deppeler" (2855160320)
00:01:37.650 --> 00:01:45.270
As though it's as though that's your what you're currently using, then there's the quarterly. So in quarterly that looks like.

14 "Kathleen Deppeler" (2855160320)
00:01:45.270 --> 00:01:53.965
Uh, data reports based on your monthly data, so evidence that you're aggregating those, the data and utilizing it for decision making.

15 "Kathleen Deppeler" (2855160320)
00:01:53.965 --> 00:02:06.205
So, on a quarterly basis, you'll provide that aggregated data reports and then monthly, um, various data points around observations and, uh, the implementation activities happening.

16 "Kathleen Deppeler" (2855160320)
00:02:06.205 --> 00:02:15.205
And you'll enter all of that in this, the in red cap, the other opportunity for a payment is for a level of implementation. And this is an opportunity.

17 "Kathleen Deppeler" (2855160320)
00:02:15.270 --> 00:02:26.130
To be paid quarterly, based on the 3 levels of implementation there's high implementation, moderate implementation and low implementation.

18 "Kathleen Deppeler" (2855160320)
00:02:26.965 --> 00:02:39.295
And you'll know going into this, you should, you are able to self score this we've provided the assessment guide and so that's available.

19 "Kathleen Deppeler" (2855160320)
00:02:39.565 --> 00:02:46.135
Uh, so you can know you should know what you're going to score going into it and, um, and be able to.

20 "Kathleen Deppeler" (2855160320)
00:02:46.500 --> 00:02:57.150
To self assess and again, all that's in redcap. So, red cap is the, the program that we're using to collect all of this.

21 "Kathleen Deppeler" (2855160320)
00:02:57.150 --> 00:03:05.820

And it's secure it's really simple to use. We're going to again walk you through a visual demonstration of that here.

22 "Kathleen Deppeler" (2855160320)
00:03:05.820 --> 00:03:10.950
And Rachel Matheny is here with me and she is going to talk to you talk about.

23 "Kathleen Deppeler" (2855160320)
00:03:10.950 --> 00:03:18.660
Um, how to access the program as well as some great tips and tricks.

24 "Kathleen Deppeler" (2855160320)
00:03:18.660 --> 00:03:24.565
For its usage. Hello? Everyone.

25 "Racheal Matheny" (3299608832)
00:03:24.595 --> 00:03:38.365
So the access request can be done through clicking on the link, or you can go to the website link that she has here on the screen. It's a pretty simple process and I'll pull up an example.

26 "Racheal Matheny" (3299608832)
00:03:38.670 --> 00:03:53.130
Okay.

27 "Racheal Matheny" (3299608832)
00:03:55.440 --> 00:04:02.850
Kathleen is not allowing me to share it just had it popped up. But now so, give me a 2nd.

28 "Kathleen Deppeler" (2855160320)
00:04:06.270 --> 00:04:10.770
Sorry, Rachel go ahead and try it now.

29 "Racheal Matheny" (3299608832)
00:04:11.515 --> 00:04:25.105
Okay, there you go so when you click on the link, you're going to be sent to this little survey website, just fill it out. Pretty self explanatory. You'll give your contact information. Your phone number manager's name.

30 "Racheal Matheny" (3299608832)
00:04:25.435 --> 00:04:30.955
You'll want to pick out your agencies provider, or your agency might have more than 1 provider. Org.

31 "Racheal Matheny" (3299608832)
00:04:31.289 --> 00:04:34.559
Number you want to go with your.

32 "Racheal Matheny" (3299608832)
00:04:34.559 --> 00:04:47.819

Provide an organization, the top level, if you do not see your provider or name on here, then you'll contact this email group and we'll be able to work through the troubleshooting we need and get your number on there.

33 "Racheal Matheny" (3299608832)
00:04:48.624 --> 00:04:52.314
We asked for agency address agency, phone number,

34 "Racheal Matheny" (3299608832)
00:04:52.464 --> 00:05:07.434
a little information on why you're requesting and then you just click on the different ones that you'll be reporting for the quarter after that you will add your signature submit and then the request will go to the team. There.

35 "Racheal Matheny" (3299608832)
00:05:07.434 --> 00:05:17.754
Are 2 parts to your approval process so the 1st time you request your access, you're going to see 2 different emails you're going to 1st see an email that says you have access to the.

36 "Racheal Matheny" (3299608832)
00:05:17.819 --> 00:05:30.564
Cap website, they'll tell you to log in and set up a password. It will give you your username after that you'll see an email for each different initiative saying that you can now access the initiative.

37 "Racheal Matheny" (3299608832)
00:05:30.924 --> 00:05:37.164
So you might see quite a few different emails. But once you log in to the actual red cap process, um.

38 "Racheal Matheny" (3299608832)
00:05:37.499 --> 00:05:42.989
It's pretty simple and you'll be able to see all of your information on 1 platform.

39 "Racheal Matheny" (3299608832)
00:05:42.989 --> 00:05:48.689
I think if anything, um.

40 "Racheal Matheny" (3299608832)
00:05:53.009 --> 00:05:57.839
I think that's all for the access and then I'll have some tips after.

41 "Racheal Matheny" (3299608832)
00:06:02.459 --> 00:06:10.529
Okay.

42 "Racheal Matheny" (3299608832)
00:06:10.529 --> 00:06:16.169
Kathleen, do you want to pull up those tips and then I'll walk those through if you want? Sure.

43 "Kathleen Deppeler" (2855160320)
00:06:16.169 --> 00:06:26.819
Can you make me the presenter again? There you go.

44 "Kathleen Deppeler" (2855160320)
00:06:26.819 --> 00:06:30.869
Thank you. Okay, Rachel tips and tricks.

45 "Racheal Matheny" (3299608832)
00:06:34.824 --> 00:06:41.874
Okay, so the grid cap system's pretty self explanatory, but sometimes
people can get overwhelmed with the amount of options. There aren't when
you log in.

46 "Racheal Matheny" (3299608832)
00:06:41.874 --> 00:06:50.154
So, I want to put it together, just a little tips and tricks that you
could refer back to when you are entering your data and you might get
confused just to note.

47 "Racheal Matheny" (3299608832)
00:06:50.699 --> 00:06:55.259
You're not going to be able to mess up your data. You're not going to be
able to delete anything. So.

48 "Racheal Matheny" (3299608832)
00:06:55.259 --> 00:07:02.759
Although there can be quite a few options to choose. I don't want you to
feel like oh, if I click the wrong button, I'm going to, you know.

49 "Racheal Matheny" (3299608832)
00:07:02.759 --> 00:07:12.719
Then other people's data or mess up something, you're not going to be
only mess up anything. If you have any problems, just shoot us an email
to that email group and we'll work on getting it for you.

50 "Racheal Matheny" (3299608832)
00:07:12.719 --> 00:07:19.259
So, my 1st step is that your screen will not show all the options until
you have.

51 "Racheal Matheny" (3299608832)
00:07:19.259 --> 00:07:23.849
Enter your agency info so this is required because this will then.

52 "Racheal Matheny" (3299608832)
00:07:24.204 --> 00:07:36.114
Create your record ID, and it is also used for your payment purposes. So
we do not want you to send in any data without this information because
then we won't be able to pay you out.

53 "Racheal Matheny" (3299608832)
00:07:36.504 --> 00:07:46.224

So, once you hit the enter the agency information there and complete it all, you will then see your yearly reporting, quarterly or quarterly and monthly reporting, pop up under each quarter.

54 "Racheal Matheny" (3299608832)
00:07:49.889 --> 00:07:53.009
Yeah.

55 "Racheal Matheny" (3299608832)
00:07:53.009 --> 00:07:58.079
Okay, there's a lot of uploads in this tiered support. Um.

56 "Racheal Matheny" (3299608832)
00:07:58.404 --> 00:08:12.714
And redcap kind of has a little bit of a limited options on the upload per question. So currently red cap will allow you to click, upload on each question that's needed, but it will only allow you to upload 1 file.

57 "Racheal Matheny" (3299608832)
00:08:12.984 --> 00:08:27.984
So there's 2 ways. We can kind of work around this either. You can combine all your documents into 1 document and upload it because the sizing is very huge. So, if you're able to do that, that works, if you're not, we have put some.

58 "Racheal Matheny" (3299608832)
00:08:28.079 --> 00:08:32.129
Additional upload area at the bottom of each reporting.

59 "Racheal Matheny" (3299608832)
00:08:32.129 --> 00:08:38.909
Forms so then you can go down to the question that you need to upload the additional file and then add it to there.

60 "Racheal Matheny" (3299608832)
00:08:38.909 --> 00:08:43.139
Another important thing is still remember.

61 "Racheal Matheny" (3299608832)
00:08:43.139 --> 00:08:47.369
Always put your records in completed status when you are finished.

62 "Racheal Matheny" (3299608832)
00:08:47.369 --> 00:08:55.409
It will not allow us to change your record once it's in there and we cannot move it to complete that status ourselves.

63 "Racheal Matheny" (3299608832)
00:08:55.409 --> 00:09:09.119
And the only time it will go over to our reviewers is, if it is an completed status now, if you enter it and are forgetting to complete status, we will try to send out notification and reminders.

64 "Racheal Matheny" (3299608832)

00:09:09.119 --> 00:09:16.529
So that we can get you to go back in and hit complete, but it will make
your life a little easier. If you just hit completed on there. 1st.

65 "Racheal Matheny" (3299608832)
00:09:16.529 --> 00:09:19.919
I think that's all I have.

66 "Kathleen Deppeler" (2855160320)
00:09:20.844 --> 00:09:29.574
Thank you, Rachel. Those are great. So before we go into our
demonstration of how to enter this data, I want to share a few resources
that are available for you.

67 "Kathleen Deppeler" (2855160320)
00:09:29.574 --> 00:09:33.054
So, there's a value base purchasing a website,

68 "Kathleen Deppeler" (2855160320)
00:09:33.264 --> 00:09:48.264
and that has information about all the different incentives on it as well
as this incentive table that has information about all the different
incentives and an ongoing Q and a question and response document

69 "Kathleen Deppeler" (2855160320)
00:09:49.104 --> 00:09:49.854
from questions.

70 "Kathleen Deppeler" (2855160320)
00:09:49.919 --> 00:09:56.129
We've received throughout this process, so if you've got a question,
that's a pretty good place to start looking for any answer.

71 "Kathleen Deppeler" (2855160320)
00:09:56.994 --> 00:10:04.644
Additionally, red cap, Here's an overview of how to use redcap as well as
how to enter the data in to red cap.

72 "Kathleen Deppeler" (2855160320)
00:10:04.644 --> 00:10:16.764
So, what is red cap overview, and then a data entry overview and Rachel
mentioned this email address earlier this is a dedicated email for your
value based purchasing needs.

73 "Kathleen Deppeler" (2855160320)
00:10:16.764 --> 00:10:25.254
So, if you're having any problems or have questions, this is where you
can go to get support. And that is the end of my.

74 "Kathleen Deppeler" (2855160320)
00:10:26.129 --> 00:10:30.029
4 point here and I'm going to switch gears.

75 "Kathleen Deppeler" (2855160320)

00:10:30.029 --> 00:10:37.529
And share my desktop with you so that you can see what I did to prepare
to enter this data.

76 "Kathleen Deppeler" (2855160320)
00:10:40.919 --> 00:10:49.769
The very 1st thing I did was go to the website that value based
purchasing website.

77 "Kathleen Deppeler" (2855160320)
00:10:52.169 --> 00:11:00.269
And I looked in the resources and I grabbed the data sharing checklists,
the tiered support data, sharing checklist.

78 "Kathleen Deppeler" (2855160320)
00:11:03.629 --> 00:11:15.209
And I used this checklist and to answer all the questions and identify
what documents I needed to provide as evidence here. So.

79 "Kathleen Deppeler" (2855160320)
00:11:15.209 --> 00:11:25.859
I pulled this and here's my completed 1 that you're seeing. Um, so on
here, I either have a numerical value that answers the question.

80 "Kathleen Deppeler" (2855160320)
00:11:25.859 --> 00:11:32.489
So, in this case, the number of coaching observations that we pledged was
19, um.

81 "Kathleen Deppeler" (2855160320)
00:11:32.489 --> 00:11:39.899
And then, for documents, I identify that I have a file that is a.

82 "Kathleen Deppeler" (2855160320)
00:11:39.899 --> 00:11:45.479
And then the name of that file, and I saved all of these files here.

83 "Kathleen Deppeler" (2855160320)
00:11:45.479 --> 00:11:50.549
To the same location. So here is everything that I am going to need.

84 "Kathleen Deppeler" (2855160320)
00:11:50.549 --> 00:12:04.709
All in 1 place, and that's a great thing to get support from your team.
You know, you might not have access to all of this stuff, but you can use
this checklist to make sure that you have all your documents.

85 "Kathleen Deppeler" (2855160320)
00:12:04.709 --> 00:12:11.789
Ready to go all your information in 1 spot so that when you go into the.

86 "Kathleen Deppeler" (2855160320)
00:12:11.789 --> 00:12:21.269

The form, you're prepared to answer all of the questions. So Here's here's the prep work that I did going into this.

87 "Kathleen Deppeler" (2855160320)
00:12:23.879 --> 00:12:36.959
And now I'm ready to go into my, uh, the into the red cap I've already signed in Rachel, uh, showed us how to do that. So, I'm, I'm already to that point and I've gone to ad edit records.

88 "Kathleen Deppeler" (2855160320)
00:12:38.249 --> 00:12:50.429
And I'm here, and I've actually started this previously so that I could have a better demonstration to show you. So remember Rachel mentioned that you won't be able to see these other.

89 "Kathleen Deppeler" (2855160320)
00:12:50.429 --> 00:12:56.519
Opportunities until you complete this agency info and I've done that so I'm gonna open it here. So you can see what I did.

90 "Kathleen Deppeler" (2855160320)
00:12:56.519 --> 00:13:10.829
I'm my contact name, as example, example, and I identified, you know, my phone number email, answered these questions. I also identified where we're providing services.

91 "Kathleen Deppeler" (2855160320)
00:13:10.829 --> 00:13:16.169
So, we're providing services, um, in 2 regions and then I, um.

92 "Kathleen Deppeler" (2855160320)
00:13:16.794 --> 00:13:31.134
Entered and then I identified where this data is submitted from. So, you know, I could say I'm providing services in central in Kansas City, but I'm only collecting data in Kansas City. We just want to know where the data's coming from.

93 "Kathleen Deppeler" (2855160320)
00:13:31.134 --> 00:13:36.564
So, identify where you provide services. And then also where the data is submitted from.

94 "Kathleen Deppeler" (2855160320)
00:13:39.509 --> 00:13:47.573
Uh, next we'd like to know if you're receiving consultation, just as a quick way to differentiate the data.

95 "Kathleen Deppeler" (2855160320)
00:13:47.573 --> 00:14:02.454
And then Rachel mentioned earlier that we must commit must enter complete for this account. So, I also have identified this as complete, and I can go to save and exit form or save and go to next record for the sake of this demonstration.

96 "Kathleen Deppeler" (2855160320)
00:14:02.484 --> 00:14:06.384
I'm going to go to save an exit forms. So I can see, um.

97 "Kathleen Deppeler" (2855160320)
00:14:06.719 --> 00:14:12.479
What the next things that I'm that I'm working with, and since I went back in here, I need to, um.

98 "Kathleen Deppeler" (2855160320)
00:14:12.479 --> 00:14:19.559
Provide a reason thinks I changed something, so I'm just going to say that I'm demoing and that's why I changed it.

99 "Kathleen Deppeler" (2855160320)
00:14:22.139 --> 00:14:35.039
Okay, so now I'm in my form and, uh, you can see over here that I've got my, I'm, I'm open in my yearly.

100 "Kathleen Deppeler" (2855160320)
00:14:35.039 --> 00:14:42.329
And if I wanted to see, um, status of everything that I'm doing.

101 "Kathleen Deppeler" (2855160320)
00:14:42.329 --> 00:14:49.229
I can go back here.

102 "Kathleen Deppeler" (2855160320)
00:14:52.019 --> 00:14:57.599
And, like, Rachel said, I can't mess anything up. So if you end up in a spot, that looks weird.

103 "Kathleen Deppeler" (2855160320)
00:14:57.599 --> 00:15:02.939
You can go back there to the ad, edit records and and start over.

104 "Kathleen Deppeler" (2855160320)
00:15:03.354 --> 00:15:17.994
So, we know I finished my agency info and now for the sake of demonstration, I'm going to go to this yearly 1 because what I'd really like to show everyone is how to upload the data. And then, what kind of comments to write in the boxes.

105 "Kathleen Deppeler" (2855160320)
00:15:18.174 --> 00:15:21.384
So that your reviewer is able to.

106 "Kathleen Deppeler" (2855160320)
00:15:21.719 --> 00:15:25.139
Uh, review the things that you'd like them to.

107 "Kathleen Deppeler" (2855160320)
00:15:25.139 --> 00:15:36.599

Okay, so here are all of the questions that I need to answer and here's that nice extra upload field down here that Rachel mentioned.

108 "Kathleen Deppeler" (2855160320)
00:15:36.599 --> 00:15:47.129
I'm just going to start here at the top, and as I answer these questions, I'm going to be provided with additional questions. So if I were to say, no.

109 "Kathleen Deppeler" (2855160320)
00:15:47.129 --> 00:15:54.389
Our agency value system, implementation, expectations, outlined in policy and procedure. If I don't have that in place.

110 "Kathleen Deppeler" (2855160320)
00:15:54.389 --> 00:16:07.139
It's just a simple no, and and I am going to move on to the next question. However, I do have that in place. So I'm going to say yes and then I've been provided an additional question and do, uh.

111 "Kathleen Deppeler" (2855160320)
00:16:07.139 --> 00:16:15.629
Do you have shared values a shared values policy and procedure? I do. I yes, I do. And now it wants me to upload them and remember.

112 "Kathleen Deppeler" (2855160320)
00:16:16.464 --> 00:16:23.124
I know exactly where to go because I have already filled out all of this form and I'm on my annual,

113 "Kathleen Deppeler" (2855160320)
00:16:23.124 --> 00:16:36.504
the yearly things and so the policy and procedure outlining my shared values is on page 4 of my policy and procedure document that I have shared in a central place ready to go.

114 "Kathleen Deppeler" (2855160320)
00:16:36.809 --> 00:16:40.769
So, I'm going to go ahead and go to file upload.

115 "Kathleen Deppeler" (2855160320)
00:16:40.769 --> 00:16:47.459
Choose file and then I'm going to find my, my policy and procedure. Here. It is.

116 "Kathleen Deppeler" (2855160320)
00:16:47.459 --> 00:16:57.479
And I know it's on page 4, because I was prepared with that document. So I'm going to say, yes upload. It was successfully uploaded. And now I'm going to enter here.

117 "Kathleen Deppeler" (2855160320)
00:16:57.479 --> 00:17:09.419

The page number, because that's going to make it much easier for my reviewer, not to go through the 20 pages of my process and procedures and just go directly to, um.

118 "Kathleen Deppeler" (2855160320)
00:17:11.219 --> 00:17:14.339
Document so policy and procedure page 4.

119 "Kathleen Deppeler" (2855160320)
00:17:14.339 --> 00:17:27.239
I'm going to write in my notes section here I can keep moving on. So, again, when I say, yes, I'm likely going to be provided with an additional drop down if I need to provide some evidence of that.

120 "Kathleen Deppeler" (2855160320)
00:17:28.824 --> 00:17:35.514
Are the shared values displayed? Yes. How many service locations do I have? I have 4.

121 "Kathleen Deppeler" (2855160320)
00:17:35.574 --> 00:17:47.274
that includes my 3 and my office and again, we're only providing data here about the, for the payments for that's specific to services. So.

122 "Kathleen Deppeler" (2855160320)
00:17:49.644 --> 00:18:03.084
That's the data that we're looking for. Do you have values matrix for the agency? Yes, I do. And now it wants me to upload that and again, I could reference if I need to, I can reference this file that I have ready to go.

123 "Kathleen Deppeler" (2855160320)
00:18:03.414 --> 00:18:06.384
I'm looking for my picks matrix. Mm. Hmm.

124 "Kathleen Deppeler" (2855160320)
00:18:09.329 --> 00:18:13.469
So, now I'm going to upload the file, choose file.

125 "Kathleen Deppeler" (2855160320)
00:18:14.879 --> 00:18:18.239
Going to find my picks matrix.

126 "Kathleen Deppeler" (2855160320)
00:18:21.059 --> 00:18:25.019
You go open upload.

127 "Kathleen Deppeler" (2855160320)
00:18:30.869 --> 00:18:37.349
I'm gonna make a note here because it says that I must provide a value. So, in order not to.

128 "Kathleen Deppeler" (2855160320)
00:18:37.349 --> 00:18:48.269

There's a little ding here my note and I'm just going to keep answering these questions. Now. Here's an interesting 1. this one's asking me to upload.

129 "Kathleen Deppeler" (2855160320)
00:18:48.269 --> 00:18:51.299
Um, the photos that.

130 "Kathleen Deppeler" (2855160320)
00:18:51.744 --> 00:19:05.694
Of my matrix posted in homes and in the office and so I have combined all of those like Rachael suggested into 1 document so that I don't have to upload 5 separate ones. I can just upload 1.

131 "Kathleen Deppeler" (2855160320)
00:19:05.694 --> 00:19:06.804
so I'm going to go here.

132 "Kathleen Deppeler" (2855160320)
00:19:07.049 --> 00:19:10.079
And upload my file that I've already put together.

133 "Kathleen Deppeler" (2855160320)
00:19:15.149 --> 00:19:18.839
Choose file, find it.

134 "Kathleen Deppeler" (2855160320)
00:19:19.919 --> 00:19:26.039
Upload there we go.

135 "Kathleen Deppeler" (2855160320)
00:19:26.039 --> 00:19:34.889
And I'm just going to keep doing the same process over and over until I of up successfully uploaded all of my documents.

136 "Kathleen Deppeler" (2855160320)
00:19:34.889 --> 00:19:40.439
After I do that, I'm going to be provided this test station that says that, um.

137 "Kathleen Deppeler" (2855160320)
00:19:40.439 --> 00:19:50.669
I am who I am, but this is all accurate data and then once I'm done, I'm going to save and exit and.

138 "Kathleen Deppeler" (2855160320)
00:19:50.669 --> 00:19:59.189
And when you go back in, it's going to ask you for a reason to change. So just provide your reason. And it will allow you to save that.

139 "Kathleen Deppeler" (2855160320)
00:20:11.399 --> 00:20:18.479
So, I'm going to do that same thing for the yearly and quarterly. And then also for my monthly.

140 "Kathleen Deppeler" (2855160320)
00:20:18.479 --> 00:20:27.839
That's all very much the same. So if I say, no, that's the end of it if I
say, yes, I likely have additional questions that I need to answer.

141 "Kathleen Deppeler" (2855160320)
00:20:44.309 --> 00:20:58.199
And same thing here is the monthly portion of this form this monthly
portion has a lot more enter, enter the numeric values. And again, I have
them. All right here. Ready to go.

142 "Kathleen Deppeler" (2855160320)
00:20:58.199 --> 00:21:06.149
Um, that would be in the monthly column, and I have all the, the data
points that I need to enter my meeting dates, et cetera.

143 "Kathleen Deppeler" (2855160320)
00:21:06.149 --> 00:21:09.989
Ready to go so that I can enter them.

144 "Kathleen Deppeler" (2855160320)
00:21:09.989 --> 00:21:19.979
So, utilizing this data share checklist really helped me prepare to do
this, um, and made it so that I could also have the contributions of.

145 "Kathleen Deppeler" (2855160320)
00:21:19.979 --> 00:21:25.649
Of my agency team and make sure that I'm providing the the best.

146 "Kathleen Deppeler" (2855160320)
00:21:27.089 --> 00:21:35.459
In complete data, and then again, Rachel mentioned that none of this is
done until I go down here and here.

147 "Kathleen Deppeler" (2855160320)
00:21:35.459 --> 00:21:40.349
Identify that it's complete and once that's identified as complete.

148 "Kathleen Deppeler" (2855160320)
00:21:40.349 --> 00:21:49.709
Then the reviewer will be able to go in and do their sections. Now you're
able to see the reviewer questions. So, um.

149 "Kathleen Deppeler" (2855160320)
00:21:49.709 --> 00:21:53.369
You are able to go in here and and, um.

150 "Kathleen Deppeler" (2855160320)
00:21:53.544 --> 00:22:01.554
Look at the tool that's posted in there for you as well as, um, the
points associated with each.

151 "Kathleen Deppeler" (2855160320)

00:22:01.554 --> 00:22:12.294
So the reviewer will review the documentation that's provided they'll say
yes or no and as they identify guesses, you'll earn points. Um.

152 "Kathleen Deppeler" (2855160320)
00:22:14.129 --> 00:22:19.289
As you go and it'll tally it up. So you can also go in here and look at
all of the.

153 "Kathleen Deppeler" (2855160320)
00:22:19.289 --> 00:22:24.449
Reviewer questions that will be asked based on the evidence that you
submit.

154 "Kathleen Deppeler" (2855160320)
00:22:26.339 --> 00:22:30.989
Additional tools here at your disposal.

155 "Kathleen Deppeler" (2855160320)
00:22:30.989 --> 00:22:43.319
Are a direct link to the value based purchasing website over here in
project bookmarks on the far left you'll see the value based purchasing
website. You can click on it'll take you right there.

156 "Kathleen Deppeler" (2855160320)
00:22:43.319 --> 00:22:53.609
There's that also take you to the assessment guide so that you can again
do that self assessment and know what your score is going to be going
into this.

157 "Kathleen Deppeler" (2855160320)
00:22:53.609 --> 00:23:02.669
So, here's the assessment guide with the various questions that are being
asked, the evidence that you're asked to submit based on to.

158 "Kathleen Deppeler" (2855160320)
00:23:02.669 --> 00:23:13.379
To prove your response to the question and then what the the reviewer is
going to ask about what's provided and that's how they'll score.

159 "Kathleen Deppeler" (2855160320)
00:23:13.379 --> 00:23:19.589
And identify your agency's level of implementation. Now, the last thing
here.

160 "Kathleen Deppeler" (2855160320)
00:23:19.589 --> 00:23:23.969
Rachel sent you a couple of screenshots from this, but she also has the.

161 "Kathleen Deppeler" (2855160320)
00:23:23.969 --> 00:23:31.169
Red cap reporting guide here for you and this is a great little walk
through specific to tier supports.

162 "Kathleen Deppeler" (2855160320)
00:23:31.169 --> 00:23:37.049
Um, that walks you from log in all the log in screen.

163 "Kathleen Deppeler" (2855160320)
00:23:37.049 --> 00:23:44.219
Identifying what projects you're looking for you're looking for tiered
supports show you how to add a new record.

164 "Kathleen Deppeler" (2855160320)
00:23:44.219 --> 00:23:49.919
And this will just walk you straight through, uh, the completion of this
form.

165 "Kathleen Deppeler" (2855160320)
00:23:49.919 --> 00:24:03.209
So reporting the provider attestation additional reporting, so, moving
between the yearly quarterly and monthly entries and then.

166 "Kathleen Deppeler" (2855160320)
00:24:03.209 --> 00:24:07.769
It has this is this resource here a link right here to the.

167 "Kathleen Deppeler" (2855160320)
00:24:07.769 --> 00:24:17.639
Email address that you can send any questions or support needs that you
have, uh, regarding the data entry as you go.

168 "Kathleen Deppeler" (2855160320)
00:24:18.809 --> 00:24:24.779
So, again, all the support tools are over here in project, bookmarks is
are available.

169 "Kathleen Deppeler" (2855160320)
00:24:26.039 --> 00:24:40.824
For you, you'll be able to see or are you able to enter, have the
opportunity to enter after you complete your agency info then these will
become available to you.

170 "Kathleen Deppeler" (2855160320)
00:24:42.234 --> 00:24:50.544
You'll need to hit complete. Once you hit complete. That will queue the
dmhc reviewer that your data is available for review.

171 "Kathleen Deppeler" (2855160320)
00:24:53.759 --> 00:24:58.499
And that completes our demo.

172 "Kathleen Deppeler" (2855160320)
00:24:58.499 --> 00:25:09.659
Of how to enter in red cap and submit your evidence for your level of
implementation assessment and your monthly.

173 "Kathleen Deppeler" (2855160320)

00:25:11.784 --> 00:25:23.334
Reporting and there's a few questions in the chat box we're gonna provide
an, but there's a couple that I think I can answer.

174 "Kathleen Deppeler" (2855160320)
00:25:23.574 --> 00:25:37.614
1 is this is a reminder that this is specific to providers, not group
homes or any other services just simply providers.

175 "Kathleen Deppeler" (2855160320)
00:25:37.944 --> 00:25:38.634
Um.

176 "Kathleen Deppeler" (2855160320)
00:25:44.159 --> 00:25:47.669
Uh, and then.

177 "Kathleen Deppeler" (2855160320)
00:25:49.469 --> 00:25:53.759
Another question about uploading policies, you can, you can.

178 "Kathleen Deppeler" (2855160320)
00:25:54.054 --> 00:26:07.434
The question was, when you upload the policies, do we want your entire
manual or can you upload a single policy? You are you can do either
whichever is easier for you if you do choose to upload your entire
manual.

179 "Kathleen Deppeler" (2855160320)
00:26:07.764 --> 00:26:13.554
Please be specific about what page? Number the specific policy that's
being requested.

180 "Kathleen Deppeler" (2855160320)
00:26:13.859 --> 00:26:19.199
It's on That'll help the reviewer, um, complete their review.

181 "Kathleen Deppeler" (2855160320)
00:26:20.334 --> 00:26:34.404
And then when you're starting to use redcap, the question is when you're
starting to use red cap well, we have to start with annual and quarterly
before we can do monthly. And the answer is no, you can do any of those
in whichever order.

182 "Kathleen Deppeler" (2855160320)
00:26:34.674 --> 00:26:35.364
Um.

183 "Kathleen Deppeler" (2855160320)
00:26:35.699 --> 00:26:38.999
Works for you, you can navigate between them.

184 "Kathleen Deppeler" (2855160320)
00:26:43.374 --> 00:26:58.014

Okay, those are the questions I see in the chat box and we'll provide
again provide an, and there's a couple more intricate questions that the
panelists got that we will include in the.

185 "Kathleen Deppeler" (2855160320)
00:26:59.429 --> 00:27:01.584
Along with responses.

186 "Kathleen Deppeler" (2855160320)
00:27:29.429 --> 00:27:33.059
Are you doing Kathleen?

187 "Kat Craig" (1600632576)
00:27:33.059 --> 00:27:39.539
Yes, I am going to grab the website and put it in the chat box just for
ease.

188 "Kat Craig" (1600632576)
00:27:39.539 --> 00:27:40.829
Okay.
