WEBVTT

1 "shelly brown" (872144128)
00:00:00.000 --> 00:00:11.099
Ice for joining us today today we're going to have a series with Cameron
kempson who is with the ship program and she's going to provide us some
education and training opportunities.

2 "shelly brown" (872144128)
00:00:11.099 --> 00:00:20.940
You're available through a collaboration with the ship program and the
division, and for those of you, who may not be familiar with shift it is
an online education in accreditation platform.

3 "shelly brown" (872144128)
00:00:20.940 --> 00:00:30.115
That takes is dancing and standardizing technology 1st, best practices
and programming and Cameron comes to us with, for the last 3 years.

4 "shelly brown" (872144128)
00:00:30.115 --> 00:00:44.725
She's been working with a division to provide these different training
opportunities and she's also has 30 years of expertise in the disability
field. She not only is Co, founder of shift, but she currently serves as
their principles curriculum, designer and consultant.

5 "shelly brown" (872144128)
00:00:44.935 --> 00:00:50.815
So I'm going to turn this over to Cameron and she's going to give us some
further explorations with these shift.

6 "Cameron Kempson" (1891704064)
00:00:50.940 --> 00:00:56.515
Program great, thank you. So much. Holly and I really appreciate everyone
having me here. Today.

7 "Cameron Kempson" (1891704064)
00:00:56.515 --> 00:01:09.355
I have been working with Missouri for 3 years as Shelly mentioned and
have just enjoy, getting to know not only providers, but also support
coordinators and care coordinators in the States.

8 "Cameron Kempson" (1891704064)
00:01:09.355 --> 00:01:11.695
So, what I'm gonna do today.

9 "Cameron Kempson" (1891704064)
00:01:12.390 --> 00:01:18.300
I'm sorry about this. Hold on. It's telling me I have to give, um.

10 "Cameron Kempson" (1891704064)
00:01:19.530 --> 00:01:24.390
I have to open my settings just a 2nd.

11 "Cameron Kempson" (1891704064)
00:01:24.390 --> 00:01:28.650
I didn't realize webx did not have access.

12 "shelly brown" (872144128)
00:01:47.790 --> 00:02:00.145
We'll get a camera and just a quick minute to kind of get back on and get
her her screen working. So she can share some of that information, but
just to give some history in regards to shift and Missouri.

13 "shelly brown" (872144128)
00:02:00.355 --> 00:02:11.845
We've been working for 3 years, and some of you may have been familiar
with some of those training opportunities that have been presence in the
past. And what we're currently doing is working to provide some more
training for 40 individuals in the future.

14 "shelly brown" (872144128)
00:02:12.175 --> 00:02:17.695
And so these folks could be with service coordination it may be other
functions within the regional.

15 "shelly brown" (872144128)
00:02:17.790 --> 00:02:27.780
Office so really looking to see anybody who might have an interest in
understanding a little bit more how to use and access technology. So,
Cameron, I think you're back.

16 "Cameron Kempson" (4184037888)
00:02:48.865 --> 00:02:50.785
Are you able to see the shift website.

17 "Cameron Kempson" (4184037888)
00:02:52.530 --> 00:03:01.225
Yes, we can see and here you beautiful. Thank you. Okay, so, um, hi,
everybody, I am back and what I want to do today is is 2 things.

18 "Cameron Kempson" (4184037888)
00:03:01.525 --> 00:03:12.355
1st, I want to introduce you to the shift website and give you kind of a
quick tour of some stops. You'll want to make if you're interested in
accessing our education.

19 "Cameron Kempson" (4184037888)
00:03:12.720 --> 00:03:26.820
And then, secondly, to go into the platform, just so you can get a feel
for what we have to offer and what the course content looks like. So,
this is our Web site and on the front page, we have a.

20 "Cameron Kempson" (4184037888)
00:03:27.595 --> 00:03:39.625
A map with the impact that we're currently making as well as our upcoming
events we do have a lot of continuing education opportunities so that as
people get certified or credentialed on shift,

21 "Cameron Kempson" (4184037888)
00:03:39.925 --> 00:03:49.465
they don't necessarily have to go look for coursework or conferences
around technology. They can take all of the continuing Ed right within
shift itself.

22 "Cameron Kempson" (4184037888)
00:03:49.885 --> 00:03:55.285
But if you attend something outside of shift, not a worry, you can submit
that for continuing it as well.

23 "Cameron Kempson" (4184037888)
00:03:55.710 --> 00:04:03.960
So, I'm going to go into the education piece and just show you what we
have to offer.

24 "Cameron Kempson" (4184037888)
00:04:03.960 --> 00:04:08.280
So, we have currently 4 different levels.

25 "Cameron Kempson" (4184037888)
00:04:08.280 --> 00:04:15.720
The 1st, 1, is this enabling technology credential? What? This is is a
fundamentals.

26 "Cameron Kempson" (4184037888)
00:04:15.720 --> 00:04:19.135
Introduction to enabling technologies,

27 "Cameron Kempson" (4184037888)
00:04:19.405 --> 00:04:30.985
remote support and best practices for both and we designed this as a way
to be a foundation for any program that we have on shift around
technology.

28 "Cameron Kempson" (4184037888)
00:04:31.255 --> 00:04:40.195
So everyone takes these 1st, 3 fundamentals courses, which are about 5
hours in continuing Ed credits.

29 "Cameron Kempson" (4184037888)
00:04:41.244 --> 00:04:41.484
I mean,

30 "Cameron Kempson" (4184037888)
00:04:41.484 --> 00:04:56.424
sorry in regular credits so the enabling technology credential is
typically for someone who provides direct support or who wants to come
and learn more about enabling technology that is not ready

31 "Cameron Kempson" (4184037888)
00:04:56.424 --> 00:04:59.934
to really get into a specialized level of certification.

32 "Cameron Kempson" (4184037888)
00:05:00.299 --> 00:05:04.799
And so through this project, we decided to start off with the.

33 "Cameron Kempson" (4184037888)
00:05:15.179 --> 00:05:19.709
And, uh, initially people who apply for.

34 "Cameron Kempson" (4184037888)
00:05:19.709 --> 00:05:22.949
This enabling technology credentials.

35 "Cameron Kempson" (4184037888)
00:05:23.994 --> 00:05:33.174
The next level is a dual level. Um, initially we created what we call an
enabling technology integration specialist.

36 "Cameron Kempson" (4184037888)
00:05:33.444 --> 00:05:43.374
So that's a person who works for a provider organization, or maybe is a
private consultant or someone who is facilitating.

37 "Cameron Kempson" (4184037888)
00:05:44.184 --> 00:05:54.084
The, um, implementation of supports for the individual, or with the
individual. Sorry um, as well, as with the circle of support team.

38 "Cameron Kempson" (4184037888)
00:05:54.384 --> 00:06:05.964
So, this person is going to need to have some skill sets around
assessment and planning and perhaps they're in a, a management or
supervisory role within the organization.

39 "Cameron Kempson" (4184037888)
00:06:07.044 --> 00:06:20.574
Now, when we piloted this back in June of 2020, I had a group of support
coordinators, go through and they said, you know, this is a great
certification, and we learned a lot, but we feel like there's some extra
pieces for support coordinators.

40 "Cameron Kempson" (4184037888)
00:06:20.574 --> 00:06:27.114
That were left out of the or the specialist certification. the specialist
certification

41 "Cameron Kempson" (4184037888)
00:06:28.014 --> 00:06:37.194
So, they worked with me and I took the that I created, and we developed a
new certification called the 18 Navigator.

42 "Cameron Kempson" (4184037888)
00:06:37.494 --> 00:06:47.064

So this is for those people in particular who are geared more toward that support coordination piece, um, working on that ISP,

43 "Cameron Kempson" (4184037888)
00:06:47.064 --> 00:06:57.474
helping families and self advocates really understand what's out there have them understand, um, how technology can benefit them.

44 "Cameron Kempson" (4184037888)
00:06:57.479 --> 00:07:09.809
And then accessing the funding, so same level of specialization, in terms of it's going to be somebody who is more likely with a managed care organization or support coordination entity.

45 "Cameron Kempson" (4184037888)
00:07:09.809 --> 00:07:19.139
Who has those skill sets around assessment planning communication with families and whatnot? Um.

46 "Cameron Kempson" (4184037888)
00:07:19.139 --> 00:07:29.334
And then finally we developed a leadership certification because I was finding that leadership people were coming to me and saying, you know, I don't really need education.

47 "Cameron Kempson" (4184037888)
00:07:29.334 --> 00:07:39.084
My direct support team is the group of people Who'll be working with the technology. But what we learned from our 1st pilot with Tennessee.

48 "Cameron Kempson" (4184037888)
00:07:39.804 --> 00:07:53.784
Was that if leadership didn't have the buy in, then it was really hard to get everyone on board. And part of this education is that we're really trying to help people focus on that culture shift to technology.

49 "Cameron Kempson" (4184037888)
00:07:53.784 --> 00:08:07.764
1st, so when you take our courses, you're not going to jump into a course and find a whole bunch of information about very specific technologies because technology is ever evolving. And you as professionals.

50 "Cameron Kempson" (4184037888)
00:08:08.574 --> 00:08:12.864
Aren't required to be specialists on each and every piece of technology, but you,

51 "Cameron Kempson" (4184037888)
00:08:12.864 --> 00:08:24.624
as professionals are going to be asked to be able to answer questions about it integrated into a plan know where to go to get those specific informations on technologies.

52 "Cameron Kempson" (4184037888)

00:08:24.954 --> 00:08:38.124
So the shift curriculum is really focused on doing just that not teaching you about specific pieces and parts, but more about teaching you how it all folds in together with the current support.

53 "Cameron Kempson" (4184037888)
00:08:38.159 --> 00:08:42.689
And services being offered with self advocates and families.

54 "Cameron Kempson" (4184037888)
00:08:43.824 --> 00:08:50.694
I'm also on this website, you can go down and learn more about the coursework. So these are the fundamental courses.

55 "Cameron Kempson" (4184037888)
00:08:50.694 --> 00:09:03.294
That are a part of every program introduction to enabling tech and best practices, roles and responsibilities of direct and natural supports and then that person centered assessment. And support planning.

56 "Cameron Kempson" (4184037888)
00:09:03.599 --> 00:09:12.149
And throughout all of these again, we're not only including enabling technologies. We're also focusing on remote supports as well.

57 "Cameron Kempson" (4184037888)
00:09:12.149 --> 00:09:24.989
So, we do have an accreditation program if, you know, a parameter organization that's interested in becoming accredited and tech 1st, then they can come to this link right here.

58 "Cameron Kempson" (4184037888)
00:09:24.989 --> 00:09:34.289
Um, but now, what I want to do is take you out of here. Oops sorry about that. And let's take a look at the platform.

59 "Cameron Kempson" (4184037888)
00:09:42.749 --> 00:09:51.029
Okay, so here we are in the shift platform. So when you log in, this is what you would see as a learner.

60 "Cameron Kempson" (4184037888)
00:09:51.029 --> 00:10:02.219
And as you can see, I've got a welcome a quick link to our knowledge base, which has all of the and knowledge base.

61 "Cameron Kempson" (4184037888)
00:10:02.219 --> 00:10:14.909
Content on different, easy tech, support items you can also email us at tech, support a tech for shift com that gets you in contact with a support person who can help you.

62 "Cameron Kempson" (4184037888)
00:10:16.584 --> 00:10:23.004

In our menu, we have the capacity to see what we've been enrolled in what content is available to us.

63 "Cameron Kempson" (4184037888)
00:10:23.484 --> 00:10:37.554
Um, our activities, which gives you a summary of where you are in the process of your courses and your learning plan. A learning plan is basically a, um.

64 "Cameron Kempson" (4184037888)
00:10:37.949 --> 00:10:46.739
1 of our programs, so the credential or the 1 of the certifications and then you have courses that make up that learning plan.

65 "Cameron Kempson" (4184037888)
00:10:48.264 --> 00:10:58.734
We also have a catalog of additional content for continuing education and then on our website, we built into some places to search for enabling technologies.

66 "Cameron Kempson" (4184037888)
00:10:59.094 --> 00:11:04.404
So, this is a partnership that disability cocoon used to have with 80 visor.

67 "Cameron Kempson" (4184037888)
00:11:04.824 --> 00:11:16.644
They are a group out of Israel who is actually creating the opportunity to go in and search for certain kind of outcomes or certain kind of technologies. And then it will make suggestions.

68 "Cameron Kempson" (4184037888)
00:11:16.739 --> 00:11:17.549
For you.

69 "Cameron Kempson" (4184037888)
00:11:18.594 --> 00:11:30.204
If you don't know about bridging apps, they are a great resource. They have a website, and they not only create some apps, but they also review apps as well.

70 "Cameron Kempson" (4184037888)
00:11:30.204 --> 00:11:36.144
So, some really interesting opportunities here to support people in very affordable ways.

71 "Cameron Kempson" (4184037888)
00:11:36.479 --> 00:11:48.899
And then finally, all of the state, 80 programs throughout the United States, you can come in here, access those programs and see what your state has to offer.

72 "Cameron Kempson" (4184037888)
00:11:50.969 --> 00:11:58.409

And then finally about shift and going to the shift website. So I'm going to get back to my content.

73 "Cameron Kempson" (4184037888)
00:11:58.409 --> 00:12:02.429
And let's see if I can find.

74 "Cameron Kempson" (4184037888)
00:12:02.429 --> 00:12:05.459
A learning plan to pull up for us.

75 "Cameron Kempson" (4184037888)
00:12:05.459 --> 00:12:15.444
Yes, here we go. All right so Here's a learning plan. This 1 is for the enabling tech integration specialist, as you can see up in the corner.

76 "Cameron Kempson" (4184037888)
00:12:15.684 --> 00:12:29.874
We've got this 9%, which means that's how much I've accomplished on my learning plan when someone completes a learning plan. This will be green and you can download your certificate for your credential or your certification. certification

77 "Cameron Kempson" (4184037888)
00:12:31.404 --> 00:12:46.314
You'll find all your courses listed right here as well as any learning projects that you may have if you were going to be a part of the enabling technology credential program, then you will only have the orientation and the 1st,

78 "Cameron Kempson" (4184037888)
00:12:46.314 --> 00:12:58.824
3 courses. You will not have anything other than that until an exam. So you'll see orientation, fundamentals, 123, and then an exam here and you'll be completed. be completed

79 "Cameron Kempson" (4184037888)
00:12:59.189 --> 00:13:13.349
So, when you go into 1 of our courses, we create this course content on a different platforms that it's engaging and colorful and not all just content based in terms of a lot of.

80 "Cameron Kempson" (4184037888)
00:13:13.349 --> 00:13:25.709
Reading 1 thing we have added, um, for oh, sorry this is an instructional video so we do have instructional videos to help, you know, how to access things.

81 "Cameron Kempson" (4184037888)
00:13:25.709 --> 00:13:29.789
Um, but let's look at our course.

82 "Cameron Kempson" (4184037888)
00:13:32.939 --> 00:13:36.539

So, as you can see the course, fills up the whole page.

83 "Cameron Kempson" (4184037888)
00:13:36.684 --> 00:13:50.214
And this is actually all branded, this is an older learning plan. So this
is not branded with our new colors and whatnot but on the side, you'll
see where you have your agenda for your course.

84 "Cameron Kempson" (4184037888)
00:13:50.214 --> 00:14:04.014
So that, you know, where you are in the process, you can start and stop
your courses. You don't have to finish it in 1 sitting. So that's a
benefit. And then we've set it up. It's we use a system. That's almost
like a website.

85 "Cameron Kempson" (4184037888)
00:14:04.014 --> 00:14:06.324
So, you're just gonna scroll down through the blocks.

86 "Cameron Kempson" (4184037888)
00:14:06.539 --> 00:14:09.239
Take your coursework, um.

87 "Cameron Kempson" (4184037888)
00:14:09.624 --> 00:14:18.054
There are a lot of video stories that then you can use as a part of your
own connection with families and self advocates. We have found that more.

88 "Cameron Kempson" (4184037888)
00:14:18.054 --> 00:14:28.794
People have been using, going back into the courses and using these video
stories as they're talking with families and self advocates about what
enabling technology is.

89 "Cameron Kempson" (4184037888)
00:14:28.794 --> 00:14:39.234
And how do you use it in the day to day as well as how did families and
other professionals feel about it? We make sure that our stories aren't
just from.

90 "Cameron Kempson" (4184037888)
00:14:39.239 --> 00:14:45.719
In the voice of the South advocate, but then we also are including the
voices of families and other professionals.

91 "Cameron Kempson" (4184037888)
00:14:46.824 --> 00:14:54.654
So, as you can say, we have a variety of different ways that we present
the content. We have videos, we have links to other content.

92 "Cameron Kempson" (4184037888)
00:14:55.044 --> 00:15:04.014
We do some interactive checking in, um, that are not graded, but just
give you an opportunity to reinforce the information you're receiving.

93 "Cameron Kempson" (4184037888)
00:15:04.319 --> 00:15:18.269
And then this 1 in particular is about the terminology. So, in every
course at the beginning in your intro section, you will have the basic
terminology that you'll need to know for that particular. Course.

94 "Cameron Kempson" (4184037888)
00:15:18.954 --> 00:15:31.074
And then it automatically starts into the next section. So our goal here
is to really make learning more interactive, um, also to meet a variety
of learning modalities.

95 "Cameron Kempson" (4184037888)
00:15:31.074 --> 00:15:42.564
So every section has a voiceover. So that if you're not a reader and you
learn by listening, you can play the voiceover and it will go through all
of that section for you.

96 "Cameron Kempson" (4184037888)
00:15:42.989 --> 00:15:52.709
So, again, these are just some of the different kind of blocks that we
have and then to get out of the course, you'll click the X. it will bring
you back.

97 "Cameron Kempson" (4184037888)
00:15:56.699 --> 00:16:07.349
To the platform, and when you're done, you will take a knowledge check
for each course and then an exam for the whole credential or
certification.

98 "Cameron Kempson" (4184037888)
00:16:07.794 --> 00:16:18.144
Down here, we call this, our file repository area and what we've done for
you in each course, is provide you with materials that you may want to
download.

99 "Cameron Kempson" (4184037888)
00:16:18.504 --> 00:16:26.364
So, for example, we have a tech vendor interview form so that you'll know
what to ask.

100 "Cameron Kempson" (4184037888)
00:16:26.364 --> 00:16:37.284
Maybe when you are talking with technology vendors to learn more about
their technologies, we provide different forms around screening and
intake and assessment.

101 "Cameron Kempson" (4184037888)
00:16:38.214 --> 00:16:51.624
So, that you're not having to take what you have and trying to adapt it
or add more pages to it. We already have those forms created for you. And
if if they're reasonable for you and work for you, then you are more than
welcome to download them.

102 "Cameron Kempson" (4184037888)
00:16:51.624 --> 00:16:55.494
And use them in your day to day and attach them to your ISPs and whatnot.

103 "Cameron Kempson" (4184037888)
00:16:55.974 --> 00:17:07.674
Um, we also have the opportunity for states to work with shift under a
different level of consultation, and take those forms, modify them and
enhance them. So that they are states.

104 "Cameron Kempson" (4184037888)
00:17:07.769 --> 00:17:09.029
To think as well.

105 "Cameron Kempson" (4184037888)
00:17:09.029 --> 00:17:12.569
So, I'm going to stop right there.

106 "Cameron Kempson" (4184037888)
00:17:12.569 --> 00:17:25.109
And, um, stop sharing and just be available for any questions real quick
to see if anybody has anything up to this point that they want to ask.

107 "shelly brown" (872144128)
00:17:34.554 --> 00:17:43.914
Hey, Cameron, this is Shelley and just 1 thing that might be helpful is
about how long does it take to complete the program and what is the
timeframe for completion? Sure.

108 "Cameron Kempson" (4184037888)
00:17:43.914 --> 00:17:58.344
So the enabling tech credential is about 5 hours, and that is an average
based on how different learners have completed those courses. So, some
people that are really comfortable with the information may go through
more quickly.

109 "Cameron Kempson" (4184037888)
00:17:58.794 --> 00:18:03.414
Um, but we wanted to make sure that no 1 felt like they had done.

110 "Cameron Kempson" (4184037888)
00:18:03.779 --> 00:18:13.169
Taking a lot of time, and weren't getting credit for it. So, 5 hours is
probably about the maximum. It would take anyone to do that credential.

111 "Cameron Kempson" (4184037888)
00:18:13.169 --> 00:18:18.959
If you go above that, then starting with the.

112 "Cameron Kempson" (4184037888)
00:18:18.959 --> 00:18:30.774

The navigator and the leadership, all of those are 18 our certifications and again, they include those 5 hours of fundamentals, their own specialization course.

113 "Cameron Kempson" (4184037888)
00:18:31.104 --> 00:18:42.444
And then they do what we call an E, which is an experiential learning project. So, for the navigator and the, they will complete case studies.

114 "Cameron Kempson" (4184037888)
00:18:44.244 --> 00:18:57.264
And use our forms around intake and assessment and planning in order to go through what it's, like, taking an individual and then applying those forms to integrating enabling technology.

115 "Cameron Kempson" (4184037888)
00:18:57.774 --> 00:19:07.344
The leadership people will work on a road map for how to create that culture shift for technology. 1st, into their provider organization.

116 "Cameron Kempson" (4184037888)
00:19:08.154 --> 00:19:22.674
So that is why those are more extensive in time, but your project is focusing on that credential so know that at maximum, it's going to take you 5 hours to get through the orientation,

117 "Cameron Kempson" (4184037888)
00:19:22.674 --> 00:19:25.374
the 3 courses in your exam. Yeah.

118 "Cameron Kempson" (4184037888)
00:19:28.019 --> 00:19:36.179
Any other questions.

119 "Cameron Kempson" (4184037888)
00:19:39.059 --> 00:19:47.039
Okay, let's see, I've got each team has assigned a service coordinator. Of course.

120 "Cameron Kempson" (4184037888)
00:19:48.594 --> 00:20:03.444
Okay, so I don't know how the project is actually working Darren so that will be a part of what Shelly and Holly work on, or we worked with Holly initially,

121 "Cameron Kempson" (4184037888)
00:20:03.444 --> 00:20:12.894
but now we'll be working with Shelly. So I'm not sure how in the state it's gonna be opened up Shelley is that something you want to cover today? Or is that going to be another ticket?

122 "shelly brown" (872144128)
00:20:13.554 --> 00:20:18.504

I think I think we can kind of cover that because what we would love to see is is representation.

123 "shelly brown" (872144128)
00:20:18.509 --> 00:20:28.854
From all the different TCM entities or service coordinator teams within the state. What we have done is we're opening this up to everyone as a volunteer, voluntary type process.

124 "shelly brown" (872144128)
00:20:28.854 --> 00:20:40.794
So, if you are interested in this, you know, come forward, we do have a select number of seats available and we will try to identify those people who could do this in the right messages here.

125 "shelly brown" (872144128)
00:20:40.794 --> 00:20:48.054
Because this is really 1 where it looks like they're wanting to bring in their so they could use that to train and educate.

126 "shelly brown" (872144128)
00:20:48.509 --> 00:21:01.794
Their service coordination teams, and that's exactly what we want to see you guys doing with this information. So if it is something that you're interested in, we're not identifying each and every TCM entity or team but we are leaving it up to volunteers.

127 "shelly brown" (872144128)
00:21:01.794 --> 00:21:07.164
If you're interested to notify us, and we will see if there are seats available for you to start this project.

128 "Cameron Kempson" (4184037888)
00:21:07.469 --> 00:21:20.549
Beautiful, thank you. Shall I appreciate that? And then the way it will work on the end on shifts end of things is, someone on our team will coordinate directly with Shelley, too.

129 "Cameron Kempson" (4184037888)
00:21:20.549 --> 00:21:31.319
Determine how we're going to do the enrollment once you were enrolled in shift, you will get a welcome email and we will make sure that.

130 "Cameron Kempson" (4184037888)
00:21:31.854 --> 00:21:39.804
People will know when that welcome email when we're going to be enrolling, we'll give you the week time frame so that, you know, to be looking for that welcome email.

131 "Cameron Kempson" (4184037888)
00:21:39.834 --> 00:21:52.284
Sometimes certain organizations have firewalls or things that send those emails to spam or block them all together. So, we always send out kind of a prep email to let, you know, we're doing enrollment this week.

132 "Cameron Kempson" (4184037888)
00:21:52.284 --> 00:22:01.224
Please keep on the lookout for the welcome email that welcome email will give you your login information your password as well as some links to videos. If you.

133 "Cameron Kempson" (4184037888)
00:22:01.319 --> 00:22:05.819
Need any support in doing that, and then from there.

134 "Cameron Kempson" (4184037888)
00:22:06.264 --> 00:22:17.034
You will be on your you will pace yourselves to take your coursework and, uh, we haven't spoken Shelly and I haven't spoken yet about any timeline milestones for this project.

135 "Cameron Kempson" (4184037888)
00:22:17.034 --> 00:22:24.054
But Shelley, do you have any that you want to send out today? Or is that something we need to talk further about? 1st.

136 "shelly brown" (872144128)
00:22:25.014 --> 00:22:34.674
I think that's probably something we'll need to talk further with, but I can assure folks that it's not a tight timeline. There's going to be plenty of opportunity to complete your courses.

137 "shelly brown" (872144128)
00:22:34.674 --> 00:22:47.004
So, you know, you're really able to do it at your own time with what your week looks like, and, you know, little bits here and there as you need to, in order to complete that. So, this isn't going to be a rushed project by any means.

138 "shelly brown" (872144128)
00:22:47.244 --> 00:22:51.024
But we can kind of define those parameters as we get more information.

139 "Cameron Kempson" (4184037888)
00:22:51.329 --> 00:23:05.124
That sounds great and then 1, other piece I want to follow up with on that, is, as the project goes along 1 thing that Missouri has offered to do with shift, which is going to really be helpful for us,

140 "Cameron Kempson" (4184037888)
00:23:05.694 --> 00:23:13.374
is help us revamp that Navigator. Course. The specialization course, we like to update our courses every 2 years.

141 "Cameron Kempson" (4184037888)
00:23:13.374 --> 00:23:21.324
So I would just finished an update of all the certifications and credentials with the exception of the navigator the support coordination.

142 "Cameron Kempson" (4184037888)
00:23:21.329 --> 00:23:33.984
1, because I wanted to be able to work with a team of support
coordinators to help me look through the current course. And then say,
Here's some things we'd like to know or, Here's some things you can leave
out.

143 "Cameron Kempson" (4184037888)
00:23:34.344 --> 00:23:37.164
And so when we propose this to wander cracker.

144 "Cameron Kempson" (4184037888)
00:23:37.944 --> 00:23:39.624
She thought that was a great idea.

145 "Cameron Kempson" (4184037888)
00:23:39.984 --> 00:23:48.144
So know that if you are interested in moving forward, once you've done
the fundamentals, if it's of interest to you to consider yes,

146 "Cameron Kempson" (4184037888)
00:23:48.144 --> 00:23:57.504
I'd like to be a part of a group that might move forward with the
certification for Navigator or just review that 1 Navigator.

147 "Cameron Kempson" (4184037888)
00:23:57.504 --> 00:24:07.584
Course, we would love to have you, and we will spell that out in more
detail later and provide timelines for that as well. So, um, yeah, we're
looking forward to this.

148 "Cameron Kempson" (4184037888)
00:24:07.589 --> 00:24:22.259
Possibility of not only providing education, but really benefiting from
our connections with you and your expertise and being able to update the
current coursework we have. So.

149 "Cameron Kempson" (4184037888)
00:24:22.259 --> 00:24:29.249
Are there any other questions? I don't want to do all the talking and
make sure everybody has time before we close out today.

150 "shelly brown" (872144128)
00:24:29.784 --> 00:24:43.404
I see another 1 in chat real quick that is asking in regards to other
functions outside of service coordination, taking this role, or taking
this class. And that is something that yes, we are definitely open to. We
want to be sure we can fill all the seats.

151 "shelly brown" (872144128)
00:24:43.704 --> 00:24:55.974
We do, I think, take some precedence to the service coordinators because
they're out there working directly with individuals, but absolutely if

you are interested in another function, please reach out to us. And, and we can definitely consider that.

152 "Cameron Kempson" (4184037888)
00:24:56.309 --> 00:25:05.219
Great. Thanks Shelley. Anything else today from shift.

153 "Cameron Kempson" (4184037888)
00:25:08.369 --> 00:25:21.264
If you are interested in, learning more about your project, you can contact Shelley or if you just want to learn more about shift in what we do and be able to go back and share with other professionals, what?

154 "Cameron Kempson" (4184037888)
00:25:21.264 --> 00:25:30.864
They might be learning, please feel free to go to our website. I think Kat posted that. Yes. Earlier tech for shift dot com walk people through that.

155 "Cameron Kempson" (4184037888)
00:25:30.894 --> 00:25:38.184
If you need more specifics from shift, you can email us via the contact form. They will forward it to me. Just let them know.

156 "Cameron Kempson" (4184037888)
00:25:38.369 --> 00:25:47.994
With the Missouri project, or the Missouri, however, you want to note it and they will make sure that I see that since I am the primary connection with this project.

157 "Cameron Kempson" (4184037888)
00:25:48.714 --> 00:25:59.244
Other than that, I am really excited about working with Shelley and looking forward to getting this started with with the next group of people. So thank you for having me here today.

158 "shelly brown" (872144128)
00:26:00.084 --> 00:26:14.304
Thank you very much Cameron. We appreciate your information and I've had the opportunity to go through these courses and I can tell you that it's a wonderful way to simplify. What feels very overwhelming. So, tech can sometimes be this force that you don't know where to start in these courses.

159 "shelly brown" (872144128)
00:26:14.304 --> 00:26:29.154
Really allow you just to simplify it and look at it in terms of how we can really provide assistance to the individual, not by device. But by needs. So great. Course, if you do have the opportunity to to participate, so I don't see any other questions.

160 "shelly brown" (872144128)
00:26:29.154 --> 00:26:29.484
So we'll.

161 "shelly brown" (872144128)
00:26:29.609 --> 00:26:42.929
Go ahead and call it a wrap for today, but as Cameron said, if you have
direct questions for her, there's her contact information and cat has
also posted mine as well. So, again, thank you for attending. If you have
any questions, please reach out.

162 "Cameron Kempson" (4184037888)
00:26:42.929 --> 00:26:48.588
Thanks everybody. Good to see you take care.
